--

Article 21
Participation

(a) Every full-time member of the staff of each member organization shall become a participant in the Fund:

- (i) Upon commencing employment under an appointment for six months or longer or upon accepting such an appointment while in employment; or,
- (ii) Upon completing, in the same or more than one member organization, six months of service without an interruption of more than thirty days,

whichever is earlier, provided that participation is not expressly excluded by the terms of the staff member's appointment.

(b) Participation shall cease when the organization by which the participant is employed ceases to be a member organization, or when he or she dies or separates from such member organization, except that participation shall not be deemed to have ceased where a participant resumes contributory service with a member organization within 36 months after separation, provided that no benefit was paid.

(c) Notwithstanding the provisions of (b) above, a participant is deemed to have separated when he or she has completed (i) a consecutive period of three years on leave without pay without concurrent contributions having been paid in accordance with article 25(b). To re-enter the Fund, such former participant would have to satisfy the requirements for participation set out in (a) above.

Article 22
CONTRIBUTORY SERVICE

(a) Contributory service shall accrue to a participant in pay status from the date of commencement to the date of cessation of participation. For the purposes of articles 28(b) and (c) and 29(b) and (c), separate periods of contributory service within the same period of participation shall be aggregated.

(b) Contributory service may accrue in respect of leave without pay if contributions are received by the Fund in accordance with article 25(b).

(c) Additional contributory service may accrue to a participant if prior service is transferred, validated or restored in accordance with articles 13, 23, 24 or 24 *bis*, or if service in a member organization prior to its admission to membership has been recognized as contributory.

Article 23
VALIDATION OF NON-CONTRIBUTORY SERVICE

(a) A participant may elect, within one year of the commencement of participation, to validate prior service during which he or she was not eligible under these Regulations for participation, provided that (i) participation succeeded the ending of such service within two years, (ii) the service was the most recent prior to participation and had not been interrupted by a break of more than one year, (iii) participation had not, during such service, been expressly excluded by the terms of appointment, and (iv) the totality of the period open to validation is elected.

(b) A beneficiary of the participant under these Regulations, other than the recipient of a residual settlement, may, if the participant died before the expiry of the period within which the election may be made under (a) above, make the election on the participant's behalf within such period.

(c) Validation shall be subject to receipt by the Fund of contributions in accordance with article 25(c).

Article 24
RESTORATION OF PRIOR CONTRIBUTORY SERVICE

(a) In certain circumstances, a participant may elect, within one year of the recommencement of participation, to restore his or her most recent period of contributory service. A participant re-entering the Fund on or after 1 April 2007, who previously had not, or could not have, opted for a periodic retirement benefit following his or her separation from service, may, within one year of the recommencement of participation, elect to restore his or her most recent period of prior contributory service. Furthermore, and under the same terms and conditions, restoration of the most recent period of contributory service may also be elected if, before 1 April 2007, a participant had elected under article 30, or was deemed to have elected under article 32, a periodic deferred retirement benefit that was not yet in payment at the time of election to restore.

(b) Notwithstanding the provisions of (a) above, if the recipient or former recipient of a disability benefit again becomes a participant in pay status, the contributory service, for which the participant has not received a benefit, preceding the commencement of the disability benefit, shall be

restored. Furthermore, in such a case the disability benefit period will be recognized as contributory service, without the payment of any contributions, and the participant shall retain the date of commencement of participation that was applicable preceding the commencement of the disability benefit.

(c) A beneficiary of the participant may make the election under (a) above, under the same conditions as a beneficiary under article 23(b).

(d) Restoration under (a) above shall be subject to receipt by the Fund of contributions in accordance with article 25(d).

Article 24 *bis*

RESTORATION OF PRIOR CONTRIBUTORY SERVICE IN THE CASE OF A DEFERRED RETIREMENT BENEFIT

(a) A participant who on or after 1 April 2007 had elected under article 30, or was deemed to have elected under article 32, a periodic deferred retirement benefit that is not yet in payment may, within one year of re-commencement of participation, elect to restore such contributory service as shall be determined to be equivalent to the actuarial value of the deferred retirement benefit not yet in payment. Such restoration shall also be open, on the same terms, to those participants who are in service as at 1 January 2023, whose election must be made by 31 December 2023.

(b) For restoration under (a) above, the actuarial value of the benefit held by the Fund shall determine how much contributory service shall be purchased, which shall not exceed the contributory service for which the deferred retirement benefit was elected or deemed to have been elected.

(c) An election under (a) above shall irrevocably forfeit the right to the deferred retirement benefit previously elected.

Article 25

CONTRIBUTIONS

(a) Contributions by the participant and by the employing member organization shall be payable to the Fund concurrently with the accrual of contributory service under article 22(a) at the percentage rates of pensionable remuneration specified below:

Such contributions shall be payable concurrently with such leave, by the participant in full or by the organization in full, or in part by the participant and in part by the organization;
- (ii) Notwithstanding the provisions of (i) above, payments in respect of a period of leave without pay during which a disability benefit was being paid under article 33 may be made, but only on the cessation of entitlement thereto, or within 12 months of the resumption of pay status by the participant.
- (c) Contributions for the purpose of validation under article 23 shall be payable, with interest, by the participant and the organization in the amounts which would have been payable respectively by each had service during the period been contributory.
- (d) Contributions for the purpose of restoration under article 24(a) shall consist of the lump-sum payment received by the participant in respect of the previous participation, together with the refund, if any, received by the employing member organization in respect of such participation under article 26 of the Regulations in force on 31 December 1982, with interest from the date of payment of the benefit or refund.
- (e) In any case in which a period of contributory service accrues, or is deemed to accrue, to a participant otherwise than in accordance with article 22, contributions shall be payable, with interest, by the participant in the amount which would have been payable had service during such period been contributory, and by the organization in an amount sufficient to meet any additional obligations to be borne by the Fund resulting therefrom.

Article 26

- (ii) The next five years of contributory service, by 1.75 per cent of the final average remuneration;
- (iii) The next 25 years of contributory service, by 2 per cent of the final average remuneration; and
- (iv) The years of contributory service in excess of 35 and performed as from 1 July 1995, by 1 per cent of the final average remuneration, subject to a maximum total accumulation rate of 70 per cent.

However, in respect of a participant with a prior period of contributory service of five years or longer ending between 1 January 1978 and 31 December 1982, the standard annual rate specified above shall be calculated by taking into account as periods of contributory service for the purpose of subparagraphs (i), (ii) and (iii) above the period of contributory service before 1 January 1983.

(c) The benefit shall, subject to (d), (e) and (f) below, in respect of any period of participation commencing prior to 1 January 1983, be payable at the standard annual rate obtained by multiplying:

- (i) The first 30 years of the participant's contributory service, by 2 per cent of the final average remuneration;
- (ii) The years of contributory service in excess of 30, but not exceeding five, by 1 per cent of the final average remuneration; and
- (iii) The years of contributory service in excess of 35 and performed as from 1 July 1995 by 1 per cent of the final average remuneration, subject to a maximum total accumulation rate of 70 per cent.

- (d) (i) However, except as provided in (ii) below, the benefit otherwise payable at the standard annual rate in accordance with the applicable provisions of (b) or (c) above to a participant at a level above D-2, top step, of the scale of pensionable remuneration indicated in article 51 (see appendix B below), shall not exceed, as at the time of the participant's separation, the greater of:

(A) 60 per cent of the participant's pensionable remuneration on the date of separation; or

(B) The maximum benefit payable under the provisions of (b) or (c) above to a participant at the level D-2 (top step for the preceding five years) separating on the same date as the participant;

- (ii) However, for a participant separating at the level of Under-Secretary-General, Assistant Secretary-General or their equivalent level, to whom the provisions of (d)(i) above are applicable, the benefit payable shall not be less than the benefit that would have been payable at the standard annual rate if the participant had separated from service on 31 March 1986; for participants separating at other levels above D-2, top step, in the scale of pensionable remuneration in appendix B below, to whom the provisions of (d)(i) above are applicable, the benefit payable shall not be less than the benefit that would have been payable at the standard annual rate if the participant had separated from service on 31 March 1993; for participants who entered or re-entered the Fund at an ungraded level before 1 April 1993, the provisions of (d)(i) above shall not be applicable.

(e) The benefit shall however be payable at the minimum annual rate which is obtained by multiplying the years of the participant's contributory service, not exceeding 10, by the smaller of 180 dollars subject to subsequent adjustments in accordance with the movement of the United States CPI under the Pension Adjustment System ([Click here](#))² or 1/30 of the final average remuneration, if the benefit so calculated would be greater than the amount under (b) or (c) above. The annual rate of such a benefit may also be subject to a special adjustment for small pensions under the Pension Adjustment System.

(f) The annual rate of the benefit shall nevertheless not be less, when no other benefit is payable on account of the participant under these Regulations, than the smaller of 300 dollars subject to subsequent adjustments in accordance with the movement of the United States CPI under the Pension Adjustment System ([Click here](#))² or the final average remuneration of the participant. The annual rate of such a benefit may also be subject to a special adjustment for small pensions under the Pension Adjustment System.

(g) A benefit payable at the standard annual rate may be commuted by the participant into a lump sum subject to the following limitations and to supplementary article D, where applicable:

- (i) If the rate is 300 dollars or more, the amount of the lump sum may not exceed the smaller of:
- (A) The actuarial equivalent of one third of the benefit; or
- (B) The actuarial equivalent of one third of the maximum benefit that would be payable to a participant retiring at the normal retirement age, on the same date as the participant, with a final average remuneration equal to the pensionable remuneration

on that date for the top step of level P-5 on the scale of pensionable remuneration in appendix B below;

- (ii) Nevertheless, if the amount calculated under (i) above is less than the amount of the participant's own contributions, then the benefit may be commuted to the extent of the latter amount;
- (iii) If the rate is less than 1000 dollars, the benefit may be commuted to the extent of its full actuarial equivalent; if a participant is married, the prospective benefit payable to his or her spouse may also be commuted at the standard annual rate of such benefit.

(h) A benefit payable at the minimum rate under (e) or (f) of this article may be commuted into a lump sum as in (g) above, if the participant elects to receive it instead at the standard annual rate.

Article 29

(b) For participants whose early retirement age is 55, the benefit shall be payable at the standard annual rate for a retirement benefit, reduced for each year or part thereof by which the age of the participant on separation was less than the normal retirement age (60 or 62), at the rate of 6 per cent a year, except that:

- (i) If the contributory service of the participant was 25 years or longer but less than 30 years, the standard annual rate:
 - (A) In respect of the period of contributory service performed before 1 January 1985, shall be reduced by 2 per cent a year, and
 - (B) In respect of the period of such service performed as from 1 January 1985, shall be reduced by 3 per cent a year; or

provided however that the rate in (i) or (ii) above shall apply to no more than five years.

(c) For participants whose early retirement age is 58, the benefit shall be payable at the standard annual rate for a retirement benefit, reduced for each year or part thereof by which the age of the participant on separation was less than the normal retirement age (65), at the rate of 6 per cent a year, except that:

- (b) The benefit shall be payable at the standard annual rate for a retirement benefit and shall commence at the normal retirement age, or, if the participant so elects, at any time once the participant becomes eligible to receive an early retirement benefit from the Fund, provided that in such event it shall be reduced in the same manner and under the same conditions as specified in article 29.
- (c) The benefit may only be commuted by the participant into a lump sum if the rate of the benefit at the normal retirement age is less than 1000 dollars. Such commutation shall be equivalent to the full actuarial value of the benefit.
- (d) The child's benefit under article 36 shall not be payable to a participant in receipt of a deferred retirement benefit.

Article 31
WITHDRAWAL SETTLEMENT

- (a) A withdrawal settlement shall be payable to a participant who:
 - (i) Has not reached the normal retirement age on separation;
 - (ii) Has reached the normal retirement age or more on separation but is not entitled to a retirement benefit; or
 - (iii) Has reached the normal retirement age or more on separation, and the entitlement to a benefit derives from the application of article 40(b) or (c).
- (b) The settlement shall consist of:
 - (i) The participant's own contributions, if the contributory service of the participant was less than five years; or
 - (ii) The participant's own contributions increased by 10 per cent for each year in excess of five up to a maximum of 100 per cent, if the contributory service of the participant was more than five years.

Article 32

- (a) The payment to a participant of a withdrawal settlement, or the exercise by a participant of a choice among available benefits, or between a form of benefit involving payment in a lump sum and another form, may be deferred at the participant's request for a period of 36 months.
- (b) A participant who deferred a choice under (a) above and has five years or more of contributory service shall, if the choice is not made within the period by submitting applicable payment instructions, be deemed to have chosen a deferred retirement benefit if his or her age on separation was less than the normal retirement age.

(c) A participant who makes no deferment of choice of benefit nor submits payment instructions for a period of 36 months after separation and has five years or more of contributory service shall be deemed to have chosen a deferred retirement benefit if his or her age on separation was less than the normal retirement age.

Article 33 **DISABILITY BENEFIT**

(a) A disability benefit shall, subject to article 41, be payable to a participant who is found by the Board to be incapacitated for further service in a member organization reasonably compatible with his or her abilities, due to injury or illness constituting an impairment to health which is likely to be permanent or of long duration.

(b) The benefit shall commence on separation or, if earlier, on the expiration of the paid leave due to the participant and shall continue for as long as the participant remains incapacitated, provided that the incapacity shall be deemed to be permanent once the former participant reaches the early retirement age.

(c) The benefit shall, if the age of the participant on entitlement is the normal retirement age or more, be payable at the standard or the minimum annual rate for a retirement benefit as the case may be; if the age of the participant is less than the normal retirement age, the benefit shall be payable at the rate of the retirement benefit which would have been payable had the participant remained in service until the normal retirement age and had the final average remuneration remained unchanged.

(d) The annual rate of the benefit shall, notwithstanding (c) above, not be less, when no other benefit is payable on account of the participant under these Regulations, than the smaller of 500 dollars subject to subsequent adjustments in accordance with the movement of the United States CPI under the Pension Adjustment System ([Click here](#))² or the final average remuneration of the participant.

(e) A benefit which is discontinued shall, if a participant who has been separated does not upon such discontinuance again become a participant, be converted at his or her option to a deferred retirement benefit or a withdrawal settlement, calculated as at the date of commencement of the disability benefit.

(f) The Board may prescribe the extent to which and the circumstances in which a disability benefit may be reduced when the beneficiary, although remaining incapacitated within the meaning of this article, is nevertheless in paid employment.

(g) The Board may prescribe the extent to which and the circumstances in which payment of a disability benefit may be suspended when the beneficiary, although remaining incapacitated within the meaning of this article, is nevertheless engaged in paid activities. In cases where a beneficiary is engaged in paid activities at the time he or she reaches the age at which incapacity shall be deemed permanent under article 33(b), the Board may require continued reporting of earnings and authorize the suspension of the payment of the disability benefit up to the age at which the beneficiary would have been entitled to receive a normal retirement benefit, at which time the disability benefit may be reinstated.

Article 34
SURVIVING SPOUSE'S BENEFIT

(a) A surviving spouse's benefit shall, subject to articles 39 and 41 and to (b) below, be payable to the surviving spouse of a participant who was entitled to a retirement, early retirement, deferred retirement or disability benefit at the date of the participant's death, or who died in service, if the surviving spouse was married to the participant at the date of his or her death in service or, if the participant was separated prior to his or her death, the surviving spouse was married to the participant at the date of separation and they remained married until the participant's death.

(b) A benefit shall nevertheless not be payable if the participant had commuted the surviving spouse's prospective benefit under article 28 or 29.

(c) (i) If the participant died during entitlement to a retirement, early retirement or disability benefit, the surviving spouse's benefit shall be payable at the standard annual rate of half of the participant's retirement, early retirement or disability benefit, and in the event that the participant had partially commuted the retirement benefit or early retirement benefit under article 28(g)(i) or 29(d), the surviving spouse's benefit shall be calculated on the basis of the unreduced amount of the retirement or early retirement benefit.

(ii) If the participant died in service, the surviving spouse's benefit shall be payable at the standard annual rate of half of the retirement benefit that would have been payable had the participant remained in service until the normal retirement age and had the final average remuneration remained unchanged.

(iii) In all cases the rate shall not be less than the smaller of:

(A) 750 dollars subject to subsequent adjustments in accordance with the movement of the United States CPI under the Pension Adjustment System ([Click here](#))² or

(B) Twice the standard annual rate above.

(d) The annual rate of the benefit shall, notwithstanding (c) above, not be less, when no other benefit is payable on account of the participant under these Regulations, than the smaller of 500 dollars subject to subsequent adjustments in accordance with the movement of the United States CPI under the Pension Adjustment System ([Click here](#))² or the final average remuneration of the participant.

(e) The benefit shall, if the participant died after the commencement of a deferred retirement benefit which had not been commuted under article 30(c), be payable at half the annual rate of such benefit and, if the participant died before its commencement, at the rate of half the actuarial equivalent at the date of death of the annual rate of the benefit at the normal retirement age.

(f) The benefit shall be payable at periodic intervals for life, provided that a benefit payable at an annual rate of less than 600 dollars may be commuted by the surviving spouse into a lump sum which is the actuarial equivalent of the benefit at the standard annual rate under (c) above, or the annual rate under (e) above, as the case may be.

(g) The benefit shall, where there is more than one surviving spouse, be divided equally between the spouses, and upon the death of each such spouse shall be equally divided among the remainder.

(a) Any divorced spouse of a participant or former participant, separated on or after 1 April 1999, who was entitled to a retirement, early retirement, deferred retirement or disability benefit, or of a participant who died in service on or after that date, may, subject to the provisions of article 34(b), request a former spouse's benefit, if the conditions specified in paragraph (b) below are fulfilled.

(b) Subject to paragraph (d) below, the divorced spouse is entitled to the benefit set out in paragraph (c) below, payable prospectively following receipt of the request for a divorced surviving spouse's benefit, if, in the opinion of the Chief Executive of Pension Administration, all of the following conditions are fulfilled:

- (i) The participant had been married to the former spouse for a continuous period of at least ten years, during which contributions were paid to the Fund on account of the participant or the participant was awarded a disability benefit under article 33 of the Regulations;
- (ii) The participant's death occurred within 15 years of the date when the divorce became final, unless the former spouse proves that at the time of death the participant was under a legal obligation to pay maintenance to the former spouse;
- (iii) The former spouse has reached the age of 40. Otherwise the benefit entitlement shall commence on the day immediately following the day that age is reached; and
- (iv) Evidence is provided that a divorce settlement does not have an express renouncement of UNJSPF pension benefit entitlements;

(c) A former spouse who, in the opinion of the Chief Executive of Pension Administration, has met the conditions set out in paragraph (b) above shall be entitled to the surviving spouse's benefit under article 34; however, if the participant is survived by both one or more such former spouses and/or by a spouse entitled to a benefit under article 34, the benefit payable under article 34 shall be divided between the spouse(s) and former spouse(s) in proportion to the duration of their marriages to the participant.

(d) Article 34(f) and (g) shall apply *mutatis mutandis*.

(e) The divorced spouse of a former participant who separated before 1 April 1999 and, in the opinion of the Chief Executive of Pension Administration, met all the other eligibility conditions in paragraphs (a) and (b) above shall be entitled to a benefit equal to twice the minimum surviving spouse's benefit under article 34(c), payable as of 1 April 1999 or from the first day of the month succeeding the death of the former participant, whichever is later, subject to the proviso that the amount of such benefit cannot exceed the amount payable to a surviving spouse of the former participant.

SPOUSES MARRIED AFTER SEPARATION

(a) A former participant receiving a periodic benefit may elect to provide a periodic benefit for life in a specified amount (subject to paragraph (b) below) to a spouse who was not married to him or her at the date of separation. Such election shall be made within one year of the date of marriage and shall become effective 18 months after the date of marriage. The benefit shall be payable as of the first day of the month following the death of the former participant. When the election becomes effective, the benefit payable to the former participant shall be reduced in accordance with actuarial factors to be determined by the Fund's Consulting Actuary. An election under this subsection may not be revoked after it becomes effective, except by an explicit request in writing by the former participant who has divorced the new spouse or by the death of the spouse, in which case it will be considered terminated as from that date. The participant may rescind his or her decision to provide a periodic benefit for life to a spouse married after separation by providing the Fund with a final divorce decree issued by a competent national court. Payments made for the annuity before such a cancellation will not be refunded to a participant, neither do such payments convey to the divorced spouse a benefit entitlement from the Fund.

(b) Any election made under paragraph (a) shall be subject to the following:

- (i) The amount of the periodic benefit payable to the former participant, after reduction owing to elections made pursuant to paragraph (a) above, shall be at least one half of the benefit that would have been payable without any such elections; and
- (ii) The amount of the benefit payable to the spouse shall not be larger than the amount of the benefit payable to the retired participant after reduction for the elections.

Article 36
CHILD'S BENEFIT

(b) A benefit shall be payable for a child of a participant who is entitled to a retirement, early retirement or disability benefit or who has died in service who is over the age of 21 if the child is found by the Board to have been incapacitated by illness or injury for substantial gainful employment.

A benefit payable as above shall continue for as long as the child remains incapacitated.

(c) A child's benefit shall, notwithstanding (a) above, not become payable, if the participant has chosen an early retirement benefit, until the participant dies or reaches the normal retirement age, except to a child under the age of 21 found by the Board to be disabled.

(d) The benefit shall, during the continuance of any periodic benefit resulting from retirement, early retirement, disability or death in service, but subject to (e) and (f) below, be payable at the annual rate of one third of the benefit payable to the participant or, if the participant died in service, one third of the retirement or disability benefit which would have been payable if the participant had become entitled thereto at the date of death, subject to a minimum of 300 dollars per annum subject to subsequent adjustments in accordance with the movement of the United States CPI under the Pension Adjustment System ([Click here](#))² and a maximum of 600 dollars subject to subsequent

adjustments in accordance with the movement of the United States CPI under the Pension Adjustment System. ([Click here](#))²

(e) If the child is an orphan, and subject to (f) below, the benefit shall be payable at the rate in (d) above increased by the greater of:

- (i) 300 dollars subject to subsequent adjustments in accordance with the movement of the United States CPI under the Pension Adjustment System ([Click here](#))² or one quarter of the retirement, early retirement or disability benefit from which it is derived, if one child's benefit is payable; and
- (ii) 600 dollars subject to subsequent adjustments in accordance with the movement of the United States CPI under the Pension Adjustment System ([Click here](#))² or half the retirement, early retirement or disability benefit from which it is derived, and divided by the number of eligible children, if more than one such benefit is payable.

(f) The total benefits payable under (d) above shall nevertheless not exceed an annual rate of 1,800 dollars subject to subsequent adjustments in accordance with the movement of the United States CPI under the Pension Adjustment System ([Click here](#))² nor shall the total benefits under (d) or (e) above, added to any retirement benefit payable under article 28(b), (c), (d) or (e), early retirement benefit under article 29(b), disability, surviving spouse's benefit exceed the final average remuneration of the participant added to the total annual children's allowances that were payable by the member organization at the time the participant was separated.

(g) Benefits payable under this article shall be recalculated as may be required to achieve the purposes of (e) and (f) above.

Article 37

SECONDARY DEPENDANT'S BENEFIT

(a) A secondary dependant's benefit shall, subject to article 41 and to (b) below, be payable to not more than one surviving secondary dependant of a participant who was entitled to a retirement, early retirement, deferred retirement or disability benefit at the date of death, or who died in service.

(b) A secondary dependant's benefit shall nevertheless not be payable:

- (i) Where a benefit is or was payable to a child or to the surviving spouse, including to a divorced spouse, of the participant; and
- (ii) In the case of a brother or sister, where the benefit payable to the participant was a deferred retirement benefit.

(c) The benefit shall be payable at the following rates:

- (i) In the case of a mother or father, at the rates and under the conditions applicable in article 34(b), (c), (d), (f) and (h) to a surviving spouse's benefit;

(d) In the event that more than one person is eligible under this article, the benefit shall be payable to the person determined by the Chief Executive of Pension Administration.

Article 38

RESIDUAL SETTLEMENT

(a) A residual settlement shall be payable if, upon the death of a participant and the exhaustion, as the case may be, of any entitlements due under these Regulations to his or her survivors, the total amount of the benefits paid to and on account of the participant is less than the participant's own contributions.

(b) The settlement shall be payable to each beneficiary designated by the participant and alive when the payment is due; failing such beneficiary, the settlement shall be paid to the estate of the participant. If more than one recipient is designated, the recipients shall share the settlement equally, unless otherwise indicated by the participant. If one of the designated beneficiaries predeceases the participant, the share of that beneficiary will be distributed among the surviving designated recipients in the ratio of their own shares.

(c) The settlement shall consist of the participant's own contributions at the date of his or her separation or death in service, reduced by the total amount of the benefits paid to and on account of the participant.

Article 39

LIMITATION OF ENTITLEMENTS DURING LEAVE WITHOUT PAY

(a) Entitlement to a disability benefit or to a benefit payable in case of death, during a period of leave without pay granted for the performance of military service with or without contributions being paid, shall instead be to a withdrawal settlement calculated as of the day immediately preceding the commencement of such leave, in accordance with article 31.

(b) In the event that a participant becomes entitled to a retirement, early retirement or deferred retirement benefit on separation during a period of leave without pay, a surviving spouse's, child's or secondary dependant's benefit shall not be payable unless entitlement thereto would have existed had the participant died on the day immediately preceding the commencement of such leave.

Article 40

EFFECT OF RE-ENTRY INTO PARTICIPATION

(a) If a former participant who is entitled to a retirement, early retirement or deferred retirement benefit under these Regulations again becomes a participant in accordance with article 21(a), entitlement to such benefit or to a benefit derived therefrom shall be suspended and no benefit shall be payable until the participant dies or is again separated. There is no retroactive payment of suspended benefits that may have been accrued from previous participation in the Fund, which shall be deemed to be cancelled.

(b) Such a participant who again becomes a participant and is again separated after at least five years of additional contributory service shall also be entitled, at the time of such subsequent separation, in respect of such service and subject to paragraph (d) below, to a retirement, early retirement or deferred retirement benefit, or a withdrawal settlement under article 28, 29, 30 or 31, as the case may be.

(c) Such a participant, who again becomes a participant and is again separated after less than five years of additional contributory service, shall, in respect of such service, become entitled to:

(i) A withdrawal settlement under article 31; or

(ii) Subject to (d) below, a retirement, early retirement or deferred retirement benefit, as the case may be, under article 28, 29 or 30, based on the length of such additional contributory service; provided, however, that such benefit may not be commuted into a lump sum, in whole or in part, and shall not be subject to any minimum provisions.

(d) Payment of benefits under (b) or (c) (ii) above shall commence on the date of the resumption or commencement, as the case may be, of payment of benefits suspended under (a) above. In no event shall the total benefits payable to or on account of a former participant in respect of separate periods of contributory service exceed the benefits which would have been payable had the participation in the Fund been continuous.

(e) Article 40 shall apply *mutatis mutandis* to the ungraded officials who are appointed or elected irrespective of whether they join the Fund again during their tenure as elected officials.

PART VI. GENERAL PROVISIONS

Article 41

MEDICAL EVALUATION

(a) Every staff member of each member organization who fulfils the requirements of article 21(a) for participation in the Fund and is determined to be medically fit for employment by the member organization shall be accepted as medically fit for participation in the Fund.

(b) A participant who knowingly fails to disclose relevant medical information, or who falsifies information, shall not be entitled to receive a disability benefit under article 33(a) unless the condition giving rise to the disability is determined medically to be unrelated to the information that was not disclosed or was falsified.

Article 42

INFORMATION FROM PARTICIPANTS AND BENEFICIARIES

(a) A participant or beneficiary may be required to supply information, and to furnish documentary or other proof thereof, in respect of any matter on which information or proof is deemed desirable by the Board for the purposes of these Regulations.

(b) Failure to supply such information or proof, or the omission or misrepresentation of any material fact therein shall enable the Board to redetermine the entitlements of the participant or beneficiary under these Regulations, provided that entitlement to participation or to a benefit shall not be less favorable than if the information or proof had been supplied or truly represented.

Article 43
RECOVERY OF INDEBTEDNESS TO THE FUND

The Board may deduct from any benefit payable under these Regulations to a participant, or on his or her account, the amount of any indebtedness to the Fund by the participant or by any beneficiary or third person to whom payment has been made otherwise than in accordance with these Regulations, including interest and costs, where appropriate.

Article 44
INTEREST ON UNPAID BENEFITS

The Fund shall not be liable for interest on any due but unpaid benefits.

Article 45
NON-ASSIGNABILITY OF RIGHTS

(a) A participant or beneficiary may not assign his or her rights under these Regulations. Notwithstanding the foregoing, the Fund may, to satisfy a legal obligation on the part of a participant or former participant arising from a marital or parental relationship and evidenced by a final and executable order of a court or by a settlement agreement incorporated into a divorce or other court order, remit a portion of a periodic benefit payable to such participant to one or more former spouses and/or a current spouse from whom the participant or former participant is living apart. Such payment shall not convey to any person a benefit entitlement from the Fund or (except as provided herein) provide any rights under the Regulations of the Fund to such person or increase the total benefits otherwise payable by the Fund.

(b) To be acted upon, the requirement under the court order must be consistent with the Regulations of the Fund, as determined by the Chief Executive of Pension Administration of the Fund to be beyond any reasonable doubt, and on the basis of the available evidence. Once implemented, the assignment shall normally be irrevocable; however, a participant or former participant may request, upon satisfactory evidence based on a court order or a provision of a settlement agreement incorporated into a court decree, a new decision by the Chief Executive of Pension Administration that would alter or discontinue the payment or payments. Furthermore, such payment or payments shall cease following the death of the participant or former participant. If a designee predeceases the participant or former participant, the payments shall not commence, or if they have commenced, shall cease upon the designee's death. In the event that the payment or payments have been diminished, discontinued, or have failed to commence or have ceased, the amount of the benefit payable to the participant or former participant shall be duly adjusted.

Article 45 *bis*
**DISPOSITION OF PENSION BENEFITS IN CASE OF CONVICTION FOR FRAUD
AGAINST EMPLOYING ORGANIZATION**

(a) Pursuant to Article 45 as described above, a participant or beneficiary may not assign his or her rights under these Regulations. Notwithstanding the foregoing, upon the request of a member organization, the Fund may remit a portion of a benefit payable to such participant to his/her former employing member organization, provided the participant is subject of a criminal conviction for fraud against that employing organization, evidenced by a final and executable court order issued by a competent national court. Such payment shall not convey to the employing organization a benefit entitlement from the Fund or (except as provided herein) provide any rights

to the organization under the Regulations of the Fund or increase the total benefits otherwise payable by the Fund.

(b) The deduction may be applied to a benefit payable to a participant under these Regulations, including a withdrawal settlement or a lump sum commutation. The assignment shall normally be irrevocable; however, such payments shall cease following the death of the participant. The assignment shall not apply to a survivor's benefit under article 34, 35 *bis* and 35 *ter* of the Regulations.

Article 46

FORFEITURE OF BENEFITS AND LIMITATION ON CLAIMS

(a) The right to a withdrawal settlement or residual settlement shall be forfeited if for two years after payment has been due the beneficiary has failed to submit payment instructions or has failed or refused to accept payment.

(b) The right to a retirement, early retirement, deferred retirement or disability benefit, surviving spouse's benefit, divorced surviving spouse's benefit, child's benefit or secondary dependant's benefit shall be forfeited if, for five years after the first payment has been due, the beneficiary has failed to submit payment instructions or has failed or refused to accept payment.

(c) The right to continued periodic payments of a retirement, early retirement, deferred retirement or disability benefit, surviving spouse's benefit, divorced surviving spouse's benefit, child's benefit or secondary dependant's benefit shall be forfeited if, for two years after a periodic payment has been due, the beneficiary has failed to submit payment instructions, or has failed or refused to accept payment, or has failed to submit the duly signed Certificate of Entitlement.

(d) The Chief Executive of Pension Administration may, if in his or her opinion there are circumstances beyond the beneficiary's control which so warrant, reinstate the right to any benefit which has been forfeited under (a), (b) or (c) above. A benefit that is reinstated after forfeiture shall recommence from the date on which it was due, unless the Chief Executive of Pension Administration, after a review of the circumstances of the case, decides that it shall recommence from a later date.

(e) The Fund shall not accept any claim alleging non-receipt of a lump sum, including a withdrawal settlement, or monthly periodic benefit or request for correction of an amount due in respect of any lump sum or monthly periodic benefit payable under these Regulations, more than 10 years after the amount was due or the error was made. Notwithstanding the foregoing, the Board may, if in its opinion there are circumstances beyond the beneficiary's control which so warrant, re-instate the right to any such payment that has not been received.

Article 47

CURRENCY

(a) Contributions under these Regulations shall be calculated and remitted to the Fund in dollars.

(b) Benefits shall be calculated in dollars and shall be payable in any executable currency selected by the recipient, at the rate of exchange for dollars obtained by the Fund on the date of payment.

- (i) Any staff member of a member organization which has accepted the jurisdiction of the Tribunal in Joint Staff Pension Fund cases who is eligible under article 21 of these Regulations as a participant in the Fund, even after his or her employment has ceased, and any person who has succeeded to such staff member's rights upon his or her death;
- (ii) Any other person who can show that he or she is entitled to rights under these Regulations by virtue of the participation in the Fund of a staff member of such member organization.

(c) The decision of the Tribunal shall be final and without appeal.

(d) The time-limits prescribed in article 7 of the Statute of the Tribunal are reckoned from the date of the communication of the contested decision of the Board.

<i>PART VII. AMENDMENT AND ENTRY INTO FORCE</i>
--

Article 49
AMENDMENT

(a) The Board may recommend amendments to these Regulations to the General Assembly, which may amend these Regulations after consultation with the Board.

(b) The Regulations so amended shall enter into force as from the date specified by the General Assembly but without prejudice to rights to benefits acquired through contributory service prior to that date.

Article 50
ENTRY INTO FORCE OF THE PROVISIONS OR THEIR AMENDMENT

No provision shall be construed as applying retroactively to participants in the Fund prior to the date of its entry into effect, unless expressly stated therein or specifically amended to such effect by the General Assembly with due regard to the provisions of article 49.

<i>PART VIII. PENSIONABLE REMUNERATION</i>

Article 51
PENSIONABLE REMUNERATION

(a) In the case of participants in the General Service and related categories, pensionable remuneration shall be the equivalent in dollars of the sum of:

- (i) The participant's gross pensionable salary, as determined on the occasion of comprehensive salary surveys and subsequently adjusted between such salary surveys, in accordance with the methodology approved by the General Assembly and set out in appendix A to these Regulations;
- (ii) Any language allowance payable; and
- (iii) In the case of a participant who became entitled to a pensionable non-resident's allowance prior to 1 September 1983, and for as long as he or she continues to be entitled thereto, the amount of such allowance.

(b) In the case of participants in the Professional and higher categories, the scale of pensionable remuneration, shall be as set out in the ICSC website (see appendix B hereto). It shall be adjusted on the same date as the net remuneration amounts of officials in the Professional and higher categories in New York are adjusted. Such adjustment shall be by a uniform percentage equal to the weighted average percentage variation in the net remuneration amounts, as determined by the International Civil Service Commission.

- (c) (i) In the case of participants who are appointed or elected as ungraded officials on or after 1 April 1995, their pensionable remuneration shall be established by the competent legislative organ which determines their other conditions of service, in accordance with the methodology recommended by the International Civil Service Commission and endorsed by the General Assembly, and shall be subsequently adjusted in accordance with the procedure in (b) above;
- (ii) In the case of participants who were ungraded officials on 31 March 1995, their pensionable remuneration shall be maintained, without adjustment, until surpassed by the level of pensionable remuneration derived from application of the methodology referred to in (i) above.

(d) In the case of participants in the United Nations Field Service category, the scale of pensionable remuneration shall be as set out in the Office of Human Resources website (see appendix C hereto), and shall be subsequently adjusted in accordance with the procedure in (b) above.

(e) No step increments beyond the top step of the gross pensionable salary scale or the scale of pensionable remuneration established according to the methodology approved by the General Assembly on the recommendation of the International Civil Service Commission shall be recognized for participants entering or re-entering the Fund on or after 1 January 1994. Nevertheless, any step increments awarded in conformity with the provisions of the appropriate staff regulations or rules of a member organization to a staff member in service in that organization before 1 January 1994 shall be recognized by the Fund for pension contribution and benefit calculation purposes.

PART IX. SUPPLEMENTARY ARTICLES

Supplementary article A PART-TIME EMPLOYMENT

The provisions of these Regulations and of the Administrative Rules shall apply equally to members of the staff of each member organization whose employment is for at least half the time of full-time members of the staff, except that:

- (a) Contributions by the participant and by the employing member organization, as specified in article 25(a), shall be reduced at the ratio which the employment bears to full employment; and

(b) The entitlement to and the amount of benefits resulting from such employment shall be reduced in the ratio which it bears to full employment.

Supplementary article B

PARTICIPATION OF OFFICIALS WHO ARE NOT STAFF MEMBERS

The provisions of these Regulations and of the Administrative Rules shall apply to officials covered by the Conventions on the Privileges and Immunities of the United Nations and of the Specialized Agencies who perform such functions for the member organization of the Fund which, if provided by their staff members, would be considered as full-time or part-time employment for the purpose of these Regulations.

Supplementary article C

TRANSITIONAL MEASURES IN RESPECT OF FINAL AVERAGE REMUNERATION

(a) Effective 1 April 1987, notwithstanding the provisions of article 1(i), the final average remuneration of a participant in the Professional or higher categories who was in contributory service on 31 March 1987, had at least 36 completed calendar months of such service as of that date and whose pensionable remuneration was lowered by the scale of pensionable remuneration effective 1 April 1987, shall be calculated under both article 1(i) and paragraph (b) of this article, with the participant being entitled to that method of calculation which results in the higher benefit at the standard annual rate.

- (b) (i) The highest final average remuneration to which the participant would have been entitled in accordance with article 1(i) if he or she had separated from service on 31 December 1984 or on any later date preceding the actual date of separation shall be applied to the participant's contributory service up to and including the date on which that final average remuneration was first attained;
- (ii) The final average remuneration calculated in accordance with article 1(i) shall be applied to the participant's contributory service after such date; and
- (iii) The benefit payable at the standard annual rate under the provisions of article 28(b) or (c) shall be calculated by adding to the benefit based on the contributory service in (i) above the benefit based on the contributory service in (ii) above, subject to article 28(d) where applicable.

(c) Nevertheless, and notwithstanding the provisions of article 28(d), the benefit payable to a participant at the standard annual rate in accordance with paragraph (b) above shall not be less than the benefit to which he or she would have been entitled if separated on the date the highest final average remuneration was first attained.

Supplementary article D

- (ii) If the participant's age on 31 March 1987 was 55 or more, the actuarial equivalent of one-third of the benefit that would have been payable to the participant, had he or she retired on 31 March 1987 and had attained on that date the age at his or her actual date of separation.

- (ii) the amounts in (i) above are grossed up, using the applicable staff assessment rates;
- (iii) the amounts in (ii) above, divided by 0.6625 and expressed in local currency, constitute the gross pensionable salary.

(b) The methodology in (a) above shall be applied to the occasion of the first adjustment due to the application of the interim adjustment procedure for net salaries on or after 1 April 1994, should such adjustment take place before a comprehensive salary survey.

Annex I

ADMINISTRATIVE RULES OF THE UNITED NATIONS JOINT STAFF PENSION FUND

INTRODUCTION

(a) The Board has, in terms of article 4(b) of the Regulations, made these Administrative Rules, which enter into force and supersede all previous Rules with effect from 1 January 2025.

(b) The Board, or the Standing Committee on its behalf, may amend these Rules from time to time as it deems desirable, and shall interpret them to the extent required to give effect thereto.

(c) In accordance with article 1 of the Regulations, the terms defined in that article shall bear the same meaning where they appear in these Rules.

(d) *"Dependent"*, for the purpose of article 1(v) of the Regulations, shall mean in receipt of financial support from the participant in an amount sufficient to meet the financial criteria established for payment of a secondary dependant's allowance under the staff regulations and rules of the member organization by which the participant was employed immediately prior to separation or death in service, whether or not such allowance was in fact payable.

(e) *"In the name of the United Nations"*, for the purpose of article 18 of the Regulations, shall include the holding of assets in the name of a nominee or nominees of custodians for the United Nations.

(f) *"Part-time employment"*, for the purpose of supplementary article A of the Regulations, shall mean employment under conditions requiring attendance for duty during at least half the normal weekly working hours prescribed by the member organization for the duty station at which the employment takes place.

(g) *"Commencement or recommencement of participation"* within the meaning of article 1 (o) (normal retirement age) refers to participation, or a new participation, in the Fund under article 21 of the Regulations and Section B of the Administrative Rules. The normal retirement age is determined by the date the participant began his or her contributory service as a participant with the Fund, irrespective of the effective date of his or her appointment with his or her employing organization. Therefore:

(i) If a staff member is appointed by a member organization of the Pension Fund before 1 January 1990, but his or her participation in the Fund under the Regulations of the Fund only commences or re-commences on or after 1 January 1990 but before 1 January 2014, the normal retirement age of the participant is 62;

(ii) If a staff member is appointed by a member organization of the Pension Fund before 1 January 2014, but his or her participation in the Fund under the Regulations of the Fund only commences on or after 1 January 2014, the normal retirement age of the participant is 65.

Validation of prior non-contributory service under article 23, and/or restoration of prior

contributory service under article 24 or 24 *bis* does not change the participant's date of entry into participation in the Fund and, therefore, does not alter the normal retirement age of the participant.

(h) For the purposes of benefit elections, instructions, requests, and notices specified under the Regulations and these Administrative Rules to be submitted to the Fund in writing, an electronic record may satisfy such requirement. The Chief Executive of Pension Administration may provide electronic forms and other electronic means for such purposes, which shall have the same authority as those submitted in writing.

SECTION A ADMINISTRATION MANUAL

A.1 The Chief Executive of Pension Administration of the Fund shall be responsible, under the authority of the Board, for ensuring the observance of the Regulations and these Rules by the member organizations and the participants; the Chief Executive of Pension Administration shall be empowered to issue, and revise from time to time as may be necessary, an Administration Manual in which shall be prescribed, to the extent that they are not contained herein, the procedures and forms which shall be used for the administration of the Fund.

SECTION B PARTICIPATION

B.1 Each member organization shall, upon fulfillment by a member of its staff or by one of its officials of the conditions of article 21 of the Regulations, register that person's admission to the Fund as a participant by furnishing to the secretary of the staff pension committee of the organization such information with respect to that person as the secretary may require, including the terms of appointment; the organization shall thereafter notify the secretary of any changes which occur therein.

B.2 The information shall normally include the name of the participant and the date of commencement of participation, date of birth, sex and marital status, and, as the case may be, the names and dates of birth of the participant's spouse, children under the age of 21, and secondary dependants; the organization shall verify, to the extent possible, the accuracy of the information furnished.

B.3 (a) The participant shall be responsible for providing the information in rule B.2 above and for notifying the organization of any changes which occur therein; the participant may be required to submit documentary or other proof of such information to the organization or the secretary of the committee. No change shall be accepted after the date of the participant's separation in respect of records pertaining to the following: a) the date of birth of a participant or that of each of his or her prospective beneficiaries; or b) the report of his or her prospective beneficiaries.

(b) In accordance with article 25 (e), failure by a member organization to correctly report the personal status of a participant of the Pension Fund prior to his or her separation or death in service that is attributable to the member organization, shall result in additional actuarial costs to the member organization in an amount sufficient to meet the additional obligations to be borne by the Fund arising from such an omission or mistake. In all cases, where there is a retroactive correction to the personal status of a participant after his or her separation from service, the actuarial value of a child's benefit payable and/or surviving spouse's benefit will be calculated and the member organization shall be fully liable to compensate the Fund for all of the additional

actuarial costs for the Pension Fund benefit that shall be paid to the applicable beneficiary or beneficiaries.

B.4 (a) Information provided by or in respect of a participant or beneficiary under the Regulations or these Rules shall not be disclosed without written consent or authorization by the participant or beneficiary concerned, except in response to a court order or a request from a judicial or civil authority in the context of divorce or family maintenance obligations. In such case the Chief Executive of Pension Administration shall immediately notify the participant or beneficiary of the order or request. If after 30 days the participant or beneficiary has not acted in response to the court order or request, the Chief Executive of Pension Administration may supply the following information:

- (i) amount of benefits received and in payment for a beneficiary;
- (ii) accrued entitlements for an active participant; and
- (iii) address of the beneficiary.

b) The information in (a) above shall be provided by the Chief Executive of Pension Administration in a manner that clearly reflects that it is being provided on a voluntary basis and without waiver of the privileges and immunities of the organization with respect to any such order or request from the judicial or civil authorities.

c) Notwithstanding this confidentiality rule, the staff pension committees may, through the secretariat to such committees, provide the UNJSPF member organizations with relevant pension information of a participant or beneficiary that is considered necessary in the administration of staff members and their entitlements in their employing organizations.

B.5 The participant shall, as soon as practicable after the commencement of participation, specify in writing, on a form designated for the purpose by the Chief Executive of Pension Administration, the person(s) whom he or she designates as the beneficiary or beneficiaries in the event of a residual settlement becoming payable under article 38 of the Regulations by reason of the participant's death in service without a surviving spouse, including a divorced spouse, child, or secondary dependant, entitled to a benefit; any changes thereafter in such designation shall similarly be specified by the participant in writing. A new designation must be completed for each new participation in the Fund. A new designation will supersede all previous designations.

B.6 (a) A participant who is separated from the service of one member organization and enters the service of another without an interruption in the continuity of employment shall, subject to article 21 of the Regulations, remain a participant in the Fund; where such continuity has been interrupted, participation shall be in accordance with article 21 of the Regulations.

(b) A participant who is separated from the service of a member organization and who again becomes a participant in the Fund in accordance with article 21(a) of the Regulations within 36 months after such separation and without a benefit having been paid shall continue in participation in accordance with article 21(b). In calculating the period between the dates of separation and re-entry into participation under article 21(a) no recognition shall be given to any intervening non-contributory service even if subsequently validated under article 23.

SECTION C MEDICAL EVALUATION

C.1 In accordance with article 41(a) of the Regulations, a medical evaluation shall be carried out of each participant prior to or as early as may be practicable after the commencement of participation.

C.2 The evaluation shall be conducted in such manner as to determine whether or not the participant is medically fit for participation in the Fund and may be waived if the participant has undergone a medical evaluation within twelve months prior to the commencement of participation the results of which are acceptable to the medical officer.

C.3 A participant who refuses to undergo a medical evaluation to determine fitness for employment and fulfils the requirements under article 21(a) of the Regulations, and for whom the findings of an earlier medical evaluation are not accepted, shall not, until completion of five years of contributory service be entitled to a disability benefit under the Regulations, nor shall a surviving spouse's or secondary dependent's benefit be payable.

C.4 A participant whose entitlements are restricted under rule C.3 above shall, upon undergoing the medical evaluation provided for in rules C.1 and C.2 above, be accorded his or her full entitlements.

SECTION D CONTRIBUTIONS AND INTEREST

D.1 Contributions as specified in column B in article 25(a) of the Regulations shall be deducted monthly by the member organization from the salary and emoluments of each of its participants in pay status and remitted in dollars to the Fund; however, to the extent required for the payment of benefits in local currencies, the Chief Executive of Pension Administration may accept that a member organization remit its monthly contributions in a specific local currency rather than in dollars (applying the United Nations operational rate of exchange in effect when the organization's contribution is remitted). The contributions of a participant in partial pay status, including special leave with partial pay and sick leave with half pay, shall be on the basis of his or her full pensionable remuneration.

D.2 Contributions for the purpose of validation, restoration, or the accrual of contributory service during leave without pay shall be made in dollars in accordance with sections E, F and G below.

D.3 (a) Interest shall accrue each year or part of a year on a participant's contributions to the Fund; interest shall not, however, accrue in any year on contributions made during that year.

(b) For the purpose of accrual of interest under article 25(b), (c), (d) or (e), article 31 and article 38(c) of the Regulations, the interest shall be calculated to the end of each financial year and compounded annually at that date.

(c) In the calculation of interest, periods of less than one calendar month shall, if they amount to fifteen days or more, be treated as one month, and if they amount to less than fifteen days, be disregarded.

(d) For the purpose of calculating monthly installments, including interest, for the amortization of amounts due under article 25(d), the interest shall be compounded annually.

D.4 Remittance of the contributions under article 25 shall be made monthly and received by the Fund not later than on the second working day of the following month.

D.5 The Fund shall be compensated for any loss resulting from delays in receipt of the contributions under D.4 above.

SECTION E

VALIDATION OF NON-CONTRIBUTORY SERVICE

E.1 A participant who elects to validate non-contributory service under article 23(a) of the Regulations shall give notice in writing of such election to the secretary of the staff pension committee of the member organization by which he or she is employed, not later than one year after the commencement of participation and in any case prior to the date of separation if earlier. The participant shall state in such notice the total period or periods of service which to his or her knowledge are open to validation.

E.2 (a) The secretary of the committee, if satisfied that the conditions of article 23(a) have been fulfilled, shall notify the participant in writing of the contributions which would have been payable by the participant had the service been contributory, with interest to the date of the notice of election.

(b) The contribution of the member organization shall be twice the amount under (a) above.

E.3 The participant shall remit the amount due under E.2 above in a lump sum to the member organization within ninety days of the date of the notification, or prior to the date of separation if earlier, failing which the right to validate shall be deemed to be cancelled.

E.4 (a) A beneficiary who elects to validate on behalf of a deceased participant under article 23(b) of the Regulations shall give notice in the manner and within the period specified in rule E.1 above; such beneficiary shall be notified of the amount due in accordance with rule E.2 and shall remit such amount in a lump sum to the member organization within ninety days of the date of notification.

(b) In the event that a participant dies after having elected to validate under E.1 above, but before the amount due has been remitted under rule E.3, a beneficiary empowered to make an election on behalf of the participant under article 23(b) shall be entitled, upon notice in writing to the secretary of the committee prior to payment of the benefit, to make such remittance in a lump sum within ninety days of the date of notification to such beneficiary by the secretary of the amount due.

(c) Failure by a beneficiary to comply with the provisions of (a) or (b) above shall be deemed to cancel his or her rights under article 23(b).

E.5 A former participant who, during a period of participation, does not validate the non-contributory service then open to validation shall not, by virtue of a new period of participation, be entitled to validate such service.

SECTION F

RESTORATION OF PRIOR CONTRIBUTORY SERVICE

F.1 A participant who elects to restore prior contributory service as a former participant under article 24(a) of the Regulations shall give notice in writing of such election to the secretary of the staff pension committee of the member organization by which he or she is employed not later than one year after the re-commencement of participation and in any case prior to the date of separation if earlier.

F.2 (a) The secretary of the committee, if satisfied that the conditions of article 24(a) have been fulfilled, shall ascertain from the Chief Executive of Pension Administration the periods of prior contributory service of the participant, together with the amount of the lump-sum payment received by the participant in respect of the previous participation and the interest thereon to the date of the notice of election, and shall notify the participant in writing of the total amount due.

(b) The amount due from the member organization shall be the amount of the refund, if any, received by it under article 26 of the Regulations in force on 31 December 1982 with interest as in (a) above.

F.3 The participant shall make, or commence, payment of the amount within ninety days of the date of the notification by the secretary under rule F.2 above, either

(a) In full in a lump sum; or

(b) In equal monthly installments, with interest, over a period no longer than half the length of the prior contributory service elected to be restored, provided that the total amount due shall be payable prior to the date of the participant's separation.

F.4 (a) Payment shall be made, in accordance with the method selected by the participant under rule F.3 above, by remittance to the organization within the time-limits applicable. In the event that the participant changes employing organization before the total amount due has been paid, the participant shall inform the Fund of the change in employment and inform the new employing organization of the payment arrangements so as to ensure continuity of payments.

(b) In the event of default in the payment of a lump sum or the first payment of an installment, the right of the participant to restoration shall be deemed to be cancelled. In the event of a default thereafter, the participant shall be given notice in writing by the secretary of the committee to effect payment within ninety days, failing which the right to restoration shall similarly be deemed to be cancelled. In the event of repeated defaults during the course of instalment payments, the right to restoration shall be deemed to be cancelled.

(c) A participant whose right to restoration is cancelled shall be refunded forthwith the payments already made, with accrued interest, and shall forfeit any further right to such restoration.

F.5 A beneficiary who elects to restore on behalf of a deceased participant under article 24(c) of the Regulations, or to make or complete the remittances due by a participant who had so elected prior to his or her death, shall be bound, *mutatis mutandis*, by the provisions of rule E.4 above.

F.6 To the extent required for benefit calculation purposes, the notional pensionable remuneration for the entire disability benefit period recognized as contributory service pursuant to article 24 (b) of the Regulations shall be deemed to be the same as that on the day immediately preceding the commencement date of the disability benefit.

Restoration in the case of a deferred retirement benefit under Article 24 *bis*

F.7 The period of past service to be restored under article 24 *bis* shall be determined based on the actuarial value of the deferred retirement benefit held by the Fund, and shall not exceed the contributory service for which the deferred retirement benefit was elected or was deemed to have been elected. Eligibility to receive a periodic benefit in the future under articles 28, 29 or 30 shall not be invalidated by a reduction in the purchased contributory service after restoration. Similarly, in the event that the participant has a divorced surviving spouse, the determination of eligibility under article 35 *bis* (b)(i) shall be based on the actual period of marriage during which contributions were paid to the Fund.

F.8 A participant who wishes to restore prior contributory service as a former participant under article 24 *bis* of the Regulations shall give notice in writing of such intent to the secretary of the staff pension committee of the member organization by which he or she is employed within the time limits provided in article 24 *bis* (a).

F.9 The secretary of the committee, if satisfied that the conditions of article 24 *bis* have been fulfilled, shall ascertain from the Chief Executive of Pension Administration the actuarial value of the deferred retirement benefit held by the Fund and the period to be purchased by such value that can be restored and inform the participant in writing. The participant shall then inform the secretary of the committee in writing of his or her election to restore within sixty (60) days of receipt of the notification of the period to be purchased.

F.10 In accordance with rule J.2(a) below, a participant may elect a withdrawal settlement following restoration of a period of contributory service for which a deferred retirement benefit was payable. In such case, the withdrawal settlement shall be calculated based on each period of contributory service. Should the participant re-enter service, he or she shall be entitled to restore under article 24(a) of the Regulations the prior contributory service credit previously received through restoration under article 24 *bis*.

SECTION G

LEAVE WITHOUT PAY

G.1 A participant who wishes contributory service to accrue in terms of article 22(b) of the Regulations in respect of leave without pay shall make arrangements with the member organization by which he or she is employed for the full contributions to be remitted to the Fund concurrently with such leave in the same manner as contributions due in respect of a participant in pay status. Where a participant was engaged in part-time employment immediately prior to the start of leave without pay, contributions during the period of leave without pay shall be at the same ratio as was payable immediately prior to the commencement of the leave without pay.

G.2 A participant to whom the provisions of article 25(b)(ii) apply shall remit to the organization the amounts due in respect of a period of leave without pay prior to the date of separation and, in any case, not later than within one year after the resumption of pay status.

G.3 At participant's request, notification of the amount due under rule G.2 above shall be provided by the secretary of the staff pension committee of the organization from which he or she was granted leave without pay.

SECTION H

DETERMINATIONS OF INCAPACITY AND INABILITY TO ENGAGE IN GAINFUL EMPLOYMENT

General

H.1 (a) The determination of incapacity for the purpose of disability benefits under article 33(a) and (b) of the Regulations and of children's and secondary dependants' benefits under article 36(b) and (c) shall, by virtue of powers hereby delegated in accordance with article 4(d), be made in each case by the staff pension committee of the organization by which the participant is employed, subject to the provision that, failing unanimity on the question of whether to award a disability benefit, the matter shall be referred to the Standing Committee for decision.

(b) In accordance with criteria approved by the Board, a staff pension committee may consider a request for a determination of incapacity for the purpose of disability benefits under article 33(a) and (b) of the Regulations for a participant employed by another member organization.

(c) For entitlement to a disability benefit, the incapacity for further service must be found to exist or to have existed on the participant's date of separation.

H.2 In each case in which a staff pension committee has determined that a participant or a child is incapacitated, or in which a determination with respect to a disability benefit has been referred to the Standing Committee for decision, the medical officer of the organization shall transmit a report on the medical aspects of the case to the Medical Consultant, who shall in turn report thereon as may be required by the Chief Executive of Pension Administration.

Disability benefits (article 33)

H.3 A request for a determination by the staff pension committee under article 33(a) of the Regulations shall be made by the organization whenever:

(a) During, or on the expiry of, the appointment of a participant there is reason to believe that he or she may be incapacitated within the meaning of article 33(a); or

(b) A participant is placed, or is proposed to be placed, on leave without pay for reasons of health; or

(c) The appointment of a participant is terminated, or is proposed to be terminated, for reasons of health.

H.4 A determination under article 33(a) shall be made by the staff pension committee at the request of a participant whenever:

- (a) The organization has not acted in accordance with rule H.3 above;
- (b) A participant alleges that on the date of separation he or she was incapacitated within the meaning of article 33(a);
- (c) The participant did not separate from service pursuant to an agreed termination with the member organization; and
- (d) No payment has yet been made to the participant by the Fund,

provided that the participant must have fully exhausted all paid leave entitlements as well as any applicable administrative recourse against the employing organization under the applicable staff regulations and rules prior to consideration of the request by the staff pension committee.

H.5 (a) The request shall be in writing, addressed to the secretary of the committee, and in the case of a participant shall be made not later than four months after the date of separation or commencement of leave without pay, unless in the opinion of the committee there are exceptional circumstances justifying submission of the request at a later date.

(b) The request shall state the material facts on which the organization or the participant relies and the conclusions which are deduced therefrom and shall be accompanied where practicable by a report from the medical officer of the organization, or a medical practitioner retained by the participant, as the case may be.

(c) The organization or the participant submitting the request, may be required by the committee to provide further evidence or information thereon prior to a determination being reached.

H.6 (a) A determination that a participant is incapacitated within the meaning of article 33(a) shall be reviewed by the committee from time to time for the purpose of establishing the participant's continued eligibility for a disability benefit, in accordance with article 33(b) until the participant reaches the early retirement age. The final review of the benefit shall take place at the time that the beneficiary reaches the age stipulated in article 33(b) or, at the earliest, up to two years prior to that date and the disability may be deemed permanent at that time if the medical condition so warrants.

(b) The date for each such review shall be set up by the committee, having regard to the opinion of the medical officer of the organization on the prospects for the participant's recovery, and in such manner that the interval between reviews does not normally exceed five years to a maximum of ten years in exceptional circumstances as determined by the committee based on reasonably established medical criteria concerning which the medical officer has provided guidance to the committee; the committee may nevertheless review a determination at an earlier date than that set for the review if there is reason to believe that the participant is no longer incapacitated.

(c) The participant shall be informed in writing by the secretary of the committee of the date or interval set for the review in each case and shall, as and when required, submit to a medical

examination by the medical officer, or a medical practitioner designated by the medical officer, for the purpose of providing evidence enabling the committee to reach a further determination on the continuance or otherwise of the participant's incapacity.

(d) Upon review, the committee shall:

- i) continue a disability benefit if it determines that the participant remains incapacitated;
- ii) suspend a disability benefit if the participant has failed to submit a medical report for review of the disability benefit for one year after being required to do so, or if the results of a medical examination are inconclusive, and it may impose on the participant the fulfillment of a condition precedent to the continuation of a benefit or the removal of a suspension;
- iii) discontinue the disability benefit (a) if for a period of two years after suspension the participant has failed to submit a medical report; or (b) when the evidence before it shows beyond reasonable doubt that the participant is no longer incapacitated, provided that a benefit so discontinued may be re-instated by the committee if it is satisfied, upon further evidence, that the participant was in fact incapacitated and the participant has not received a withdrawal settlement under article 33(e).

H.7 (a) A disability benefit which is suspended or discontinued shall cease to be paid at the end of the third complete month after the month in which the decision was taken.

(b) A disability benefit which is re-instated after suspension or discontinuance shall re-commence from the date on which it ceased to be paid, unless the committee, after a review of the circumstances of the case, decides that it shall re-commence from a later date.

Disabled children's (and brother's or sister's) benefits [article 36(b) and 37(c)(ii)]

H.8 A determination under article 36(b) or 37(c)(ii) of the Regulations shall be made by the staff pension committee whenever the child, or the brother or sister, of a participant, eligible in other respects for a child's or secondary dependant's benefit, claims, or is claimed, to be incapacitated by illness or injury for substantial gainful employment. The request shall be submitted by the participant or other interested party:

(a) Upon reaching the age of 21, if immediately prior thereto a child's or a secondary dependant's benefit was payable, as the case may be;

(b) Upon the death in service or entitlement to a retirement or disability benefit of the participant, if the child is then over the age of 21;

(c) Upon the entitlement of the participant to an early retirement benefit. However, a child under the age of 21 shall be considered to be disabled only if the child would have been considered to be such had he or she been 21 years of age on the date of the participant's separation; or

(d) Upon the death of a participant entitled to a retirement, early retirement, or disability benefit, if a brother or sister is then over the age of 21 and is claimed to have been incapacitated at the date of the participant's separation;

(e) In all cases, in line with Administrative Rule H.1(c), the incapacity for substantial gainful employment must be found to exist or to have existed on the participant's date of separation. This is normally evidenced through the child or secondary dependant being reported to the Fund as disabled by the member organization at the time of the participant's separation from service or death in service. In cases where the child or secondary dependant was not reported as disabled at the time of the participant's separation from service or death in service, a staff pension committee may accept a request for a child disability benefit or disabled secondary dependant benefit only if there is clear and convincing medical evidence, endorsed by the medical officer of the member organization, establishing that the medical condition was in existence at the time of the participant's separation from service or death in service;

(f) In cases where the request is made more than two years after the deadlines in (a) through (d) above, payment of the benefit, if awarded, shall commence on the day after the date of the staff pension committee's decision, with no retroactive payment.

H.9 The claim shall be made in writing, addressed to the secretary of the committee, by or on behalf of the child or secondary dependant, and shall be accompanied by a report from a medical practitioner on the nature of the illness or injury and the extent, if any, to which gainful employment is possible; in the case of rule H.8 (b) above, the report shall be submitted by the medical officer of the organization.

H.10 A determination that a child or secondary dependant is incapacitated within the meaning of article 36(b) or (c) shall be reviewed, *mutatis mutandis*, in accordance with the provisions applicable to disability benefits in rules H.6 and H.7 above, save that the intervals between reviews for those cases involving a medical condition that is not likely to improve over time may be increased to ten years, and the benefit shall be deemed permanent once the beneficiary reaches the age of 55. The committee may nevertheless review a determination at an earlier date than that set for the review if there is reason to believe that the beneficiary is no longer incapacitated within the meaning of article 36(b).

Paid activities

H.11 (a) A beneficiary in receipt of a disability benefit who, although remaining incapacitated within the meaning of article 33, is nevertheless engaged in paid activities, may earn during a 12-month period, up to the maximum gross amount of USD 30,000 or the G-2/Step 1 net remuneration applicable for the duty station where the beneficiary resides, subject to subsequent adjustments as may be determined by the Board, whichever is higher.

(b) A disability benefit shall be discontinued should a beneficiary be employed by a member organization irrespective of whether the beneficiary again becomes a participant.

H.12 A beneficiary who has engaged in, or will soon engage in, a paid activity shall report any earnings to the staff pension committee annually. In accordance with article 33(g), where the beneficiary's earnings from paid activities exceed, or will exceed, the threshold established in Rule

H.11, the staff pension committee shall suspend payment of the disability benefit. Suspension will take effect in accordance with Rule H.7(a). Where earnings from paid activities do not exceed the threshold, the staff pension committee shall not suspend payment of the disability benefit under this Rule. The staff pension committee shall review such cases on an annual basis, as long as the beneficiary remains engaged in paid activity, until he or she reaches what would have been his or her normal retirement age. The beneficiary shall be required to submit proof of his or her earnings to enable the review of his or her case by the staff pension committee. The staff pension committee may accept proof of earnings in any form that it considers sufficient to establish the beneficiary's earnings.

H.13 A beneficiary who has had payment of his or her disability benefit suspended under Rule H.12 may notify the staff pension committee of any material changes in his or her earnings and request that payment of the benefit be reinstated. The staff pension committee shall request updated proof of earnings and may request a new medical report. Payment of the disability benefit shall recommence from the date on which the beneficiary's earnings no longer exceed the established threshold, unless the staff pension committee decides that it shall re-commence from a later date.

H.14 An appeal by a participant, retiree or other beneficiary against a decision of a staff pension committee in respect of a disability matter under Section H of these Rules shall be handled in accordance with Section K, below.

SECTION I

ENTITLEMENT TO BENEFITS

I.1 Entitlement to a benefit shall, subject to rules I.3 and I.4 below but without further action by an organ of the Fund other than as may be required to determine eligibility for a disability or incapacitated child's benefit under these Rules, vest in a participant and in the child of a participant on the day succeeding the last day of contributory service; it shall vest in the surviving spouse, secondary dependant, designated beneficiaries or estate of a participant on the day succeeding the day of the participant's death in service, and on the first day of the month succeeding the death if the participant died while in receipt of a periodic benefit.

I.2 Entitlement to a benefit under article 36(a) of the Regulations shall continue to the end of the month in which the child reaches the age of twenty-one.

I.3 Entitlement shall be subject to certification by the Chief Executive of Pension Administration, in accordance with article 7(b), that the conditions for payment of the benefit have been fulfilled; the Chief Executive of Pension Administration shall refer to the Standing Committee for decision any case which is not so certified.

I.4 Where, in the case of a disability benefit, a period of leave in pay status has succeeded a period of leave without pay for reasons of health, entitlement to the benefit shall vest as though the paid leave of the participant had been continuous.

I.5 In no circumstances shall more than one child's benefit under article 36 be payable in respect of any one child. Where entitlement to more than one child's benefit under these Regulations would otherwise exist in respect of a child, the child's benefit that is largest shall be payable.

SECTION J

COMPUTATION AND PAYMENT OF BENEFITS

J.1 The member organization by which a participant is employed shall, upon separation, inform the secretary of the staff pension committee of the participant's last day of service and shall furnish such further information as the secretary may require for the purpose of computing the entitlements under the Regulations.

J.2 (a) The participant shall specify in writing, on a form provided for the purpose by the secretary of the committee, the benefit and any commutation thereof elected in accordance with the Regulations, instructions with respect to the method, currency and the banking or other institution, if such be the case, to which payment should be made on account of the participant. Subsequent changes in the election of benefits by the participant shall not be accepted unless no payment has yet been made by the Fund.

(b) Payment of the periodic benefits of participants and of their beneficiaries shall be made monthly in arrears.

(c) In the case of a participant whose remuneration under the terms of appointment was expressed in a currency other than dollars and who selects such currency for the payment of a withdrawal settlement under article 31(b)(i), the Chief Executive of Pension Administration shall be authorized [as an incident of making payment under article 47(b)] to make such payment at a rate of exchange which will ensure that the amount paid to the participant shall not be less than the amount deducted from his remuneration for the purpose of article 25, without interest.

(d) In the event of a discrepancy in the amount of a benefit paid in full in a lump sum, whether due to an error or to amendment or revision in data reported to the Fund, a correction shall be made if the discrepancy exceeds 25 dollars.

(e) Benefits payable under the Regulations to the children of a participant shall, unless there are exceptional circumstances, be paid on their behalf to the participant and, upon the participant's death, to the surviving parent or legal guardian of each child, in accordance, *mutatis mutandis*, with (a), (b), (c) and (d) above.

J.3 (a) The participant shall at the same time, where there is a prospect that a residual settlement may become payable under article 38 of the Regulations, specify on a form designated for the purpose by the Chief Executive of Pension Administration, the person(s) whom he or she designates as the beneficiary or beneficiaries; in the absence of such designation, payment of any residual settlement shall be made in accordance with the designation of the participant under rule B.5 above.

(b) A participant shall also specify, on a form designated for the purpose by the Chief Executive of Pension Administration, the recipient(s) of any retroactive due but unpaid benefit owing to the participant at the time of his or her death.

J.4 The contributory service of a participant which is used as a multiple to obtain the rate or amount of any particular benefit shall be calculated in years and fractions of years, each complete calendar month being deemed equal to one twelfth of a year, and the total number of days comprised in the

incomplete calendar months being apportioned by the addition of one month for each thirty days or part thereof of fifteen days or longer; a residual period of less than fifteen days shall be disregarded.

J.5 The contributory service of a participant which is used to determine eligibility for a benefit shall be calculated according to the actual years, months and days comprised therein regardless of whether the service was on a full-time or part-time basis; for the purpose of determining the final average remuneration, incomplete months shall be disregarded except as provided in article 1(i).

J.6 The contributory service of a participant shall not include unused annual leave accrued at the date of separation, for which compensation is paid, or any period in respect of which payment is made in lieu of notice of termination.

J.7 The age of a participant shall be calculated in years and fractions of years from the date of birth to the date of separation, in accordance with the method prescribed for the calculation of contributory service in J.4 above; a participant shall nevertheless not be considered to have reached age fifty-five, age fifty-eight, age sixty, or age sixty-two or age sixty-five until his or her fifty-fifth, fifty-eighth, sixtieth, or sixty-second or sixty-fifth birthday, as the case may be, shall have elapsed.

J.8 The participant, and any person entitled through the participant to a periodic benefit from the Fund, shall be required from time to time to furnish, to the satisfaction of the Chief Executive of Pension Administration, proof that the participant, and any person on whose behalf a benefit is paid, remains alive; the Chief Executive of Pension Administration may, in his or her discretion, suspend payment of a benefit pending the receipt of such proof.

J.9 (a) Any payments made by the Fund to a participant, beneficiary of a participant or third person otherwise than in accordance with the Regulations of the Fund may be deducted from any future benefits payable to or on account of the participant under these Regulations or may be recovered directly from the person or estate of the person to whom any such payments were made. The Chief Executive of Pension Administration may, where such an overpayment had been attributable to the submission of incorrect information to the Fund, recover interest, as well as administrative costs of 10 per cent of the overpayment.

(b) The Chief Executive of Pension Administration may, where appropriate, waive recovery of all or part of an indebtedness to the Fund.

(c) Two years after discovery by the Fund that any such payments were made, the Chief Executive of Pension Administration, in accordance with procedures in the Administration Manual, may deem that the amounts of such payments are unrecoverable and may authorize that such amounts be written off as uncollectible indebtedness to the Fund.

SECTION K

REVIEW AND APPEAL

General

K.1 The staff pension committee of each member organization shall, at the instance of any person who is entitled to submit an application under article 48 of the Regulations, review any decision taken by it or by its secretary in the exercise of powers conferred by the Regulations or these Rules.

K.2 The Standing Committee, acting on behalf of the Board, shall in like manner review any decision taken by it under rule H.1 above in which the medical conclusions are in dispute, any decision referred to it under rule K.6 below, and any decision by the Chief Executive of Pension Administration which is not otherwise subject to review.

K.3 The decision shall, upon review, be either confirmed, rescinded, or varied to the extent necessary to bring it into conformity with the Regulations and these Rules.

K.4 An appeal shall lie to the Standing Committee, acting on behalf of the Board, from the decision of a staff pension committee taken upon review, and to the United Nations Appeals Tribunal, in accordance with article 48 of the Regulations, from the decision of the Standing Committee taken either upon appeal as above or upon review under rule K.2 above.

Procedure for review

K.5 A review shall be initiated by delivery to the secretary of the staff pension committee, or to the Secretary of the Board if the review is by the Standing Committee, within ninety days of receipt of notification of the disputed decision, of a notice in writing stating the points of fact or of law contained in the decision which are disputed, and the grounds upon which the request for the review is founded; the staff pension committee, or the Standing Committee as the case may be, may nevertheless, upon good cause shown, accept for review a request notice of which was delivered after the expiry of the period prescribed above.

K.6 A review by a staff pension committee shall, unless rule K.7 below applies, be completed within sixty days of the delivery of the notice prescribed under rule K.5 above, failing which the request shall be referred by the secretary to the Secretary of the Board and the review shall thereupon be made instead by the Standing Committee on behalf of the Board.

K.7 (a) Where the outcome of the review turns in whole or in part on the medical conclusions on which the disputed decision was based, the staff pension committee, or the Standing Committee as the case may be, shall obtain the advice of a medical board or request a review by an independent medical practitioner on the correctness or otherwise of such conclusions before proceeding with the review.

(b) The medical board shall consist of a medical practitioner selected by the participant or person requesting the review, the medical officer of the organization or a medical practitioner designated by him or her, and a third medical practitioner selected in agreement by the former two who shall not be the medical officer of a member organization; the board shall undertake such further examination of the medical conclusions at issue, and/or of the person who is the subject of the review, as it considers desirable, and shall report its conclusions in writing to the staff pension committee or the Standing Committee, as the case may be, which shall thereupon proceed with the review. Where the Committee determines that the review shall be undertaken by an independent medical practitioner, he or she shall be identified by the medical officer of the organization and agreed to by the participant or beneficiary.

(c) If the decision resulting from the review varies the disputed decision, the medical fees and expenses of the medical board shall be borne by the Fund; if the disputed decision is confirmed, the medical fees and expenses of the practitioner selected by the participant or person requesting the review and half the medical fees and expenses of the third practitioner shall be borne by the applicant

and the remainder by the Fund; indebtedness by a participant under this rule may be recovered in accordance with article 43 of the Regulations. In cases where the review is undertaken by an independent medical practitioner, the cost shall be borne by the Fund.

Procedure for appeal

K.8 (a) An appeal to the Standing Committee, acting on behalf of the Board, from the decision of a staff pension committee taken upon review shall be initiated by delivery to the Secretary of the Board, within sixty days of notification of the decision appealed against, of a notice in writing stating the points of fact or of law contained in the decision which are disputed, and the grounds upon which the appeal is founded; the Standing Committee may nevertheless, upon good cause shown, agree to consider an appeal notice of which was delivered after the expiry of the period prescribed above.

(b) An appeal to the United Nations Appeals Tribunal from the decision of the Standing Committee, acting on behalf of the Board, shall be in accordance with the Statute and Rules of the Tribunal.

AUTHORIZATION OF ENTITLEMENTS AND PAYMENT OF BENEFITS

C.5 The Chief Executive of Pension Administration shall be responsible for certifying all expenses of the Fund made pursuant to financial rule C.1. Utilization of funds for such certification requires prior authorization of the Chief Executive of Pension Administration in a form of the establishment of an entitlement and the payment of benefit.

Checks and balances

Authorization to establish an entitlement to a benefit

C.6 Notwithstanding bank signatory functions assigned in accordance with financial rules D.1 and D.2, the authorization of entitlements to benefits arising from contributory service as a participant in the Fund under the Regulations, Administrative Rules and pension adjustment system of the Fund require at least three authorizing signatures, in either conventional or electronic form.

C.7 Pursuant to financial rule C.6, the Chief Executive of Pension Administration shall designate one or more officials of the Fund to act under the authority of the Chief Executive of Pension Administration in the following capacities for the authorization to establish an entitlement to benefits:

(a) The verifying officer(s) will review the existence and measurement of an entitlement to a benefit. A verifying officer cannot exercise the certifying functions assigned in accordance with financial rule C.7 (c);

(b) The benefit officer(s) will "release" the existence and measurement of an entitlement to a benefit. A benefit officer cannot exercise the certifying functions assigned in accordance with financial rule C.7 (c);

(c) The certifying officer(s) will provide the final authorization to an entitlement to a benefit. A certifying officer cannot exercise the verifying functions, the releasing functions or the approving functions assigned in accordance with financial rules C.7 (a), C.7 (b) and C.9 (c), respectively.

Authorization to pay a benefit

C.8 Once the entitlement is established in accordance with financial rule C.7, payments against entitlements to benefits can be authorized. All benefits certified under financial rule C.7 (c) (including withdrawal settlements, lump sum or periodic arrear benefit payments as well as periodic benefit payments) must be approved for the execution of payments by a duly designated

approving officer in accordance with financial rule C.9 (c). In addition, and notwithstanding bank signatory functions assigned in accordance with financial rules D.1 and D.2, the creation and updating of a periodic benefit payment in a monthly payroll as well as other payment processing require at least three authorizing signatures, in either conventional or electronic form.

C.9 Pursuant to financial rule C.8, the Chief Executive of Pension Administration shall designate one or more officials of the Fund to act under the authority of the Chief Executive of Pension Administration in the following capacities to authorize the payment of periodic benefits in a monthly payroll as well as other payment processing of any other benefits as follows:

(a) The payroll officer(s) will sign and release the periodic benefits scheduled for payment through the payroll process as well as one-time or ad hoc payments once they have ensured that payments are properly due. A payroll officer in the Payments Unit cannot exercise the certifying functions or the approving functions assigned in accordance with financial rules C.9 (b) and C.9 (c);

(b) The certifying officer(s) will sign and “certify” the batch payments of periodic benefits for a given payroll. A certifying officer cannot exercise the releasing functions or the approving functions assigned in accordance with financial rules C.9 (a) and C.9 (c);

(c) The approving officer(s) are designated to approve the execution of benefit payments (including withdrawal settlements, lump sum or periodic arrear benefit payments as well as payroll and one-time or ad hoc benefit payments) once they have ensured that entitlement to a benefit has been authorized and duly certified. An approving officer cannot exercise the certifying functions assigned in accordance with financial rule C.7 (c) or financial rule C.9 (b), or the bank signatory functions assigned in accordance with rules D.1 and D.2.

C.10 The authority and responsibility for officials of the Fund designated in accordance with financial rule C.7 or C.9 is assigned on a personal basis and cannot be delegated. Such designated officials of the Fund must maintain detailed records and must be prepared to submit any supporting documents, explanations and justifications requested by the Chief Executive of Pension Administration.

Appropriations against the administrative budget

C.11 The assets of the Fund shall be expended to meet the administrative expenses of the Fund incurred as follows:

(a) Administrative expenses of the Fund may be incurred up to the amounts authorized by the Board and appropriated by the General Assembly therefor and only for the purposes so authorized and appropriated. No officials of the Fund shall transfer appropriations between the Fund secretariat part and the investment part of the Fund’s administrative budget without approval by the Board and authorization by the General Assembly;

(b) Appropriations for such administrative expenses of the Fund shall be available for commitment during the budget period to which they relate and for 12 months thereafter if and to the extent that they are required to discharge commitments in respect of goods

supplied and services rendered to the Fund during the budget period and to liquidate any other outstanding legal obligations incurred during the budget period;

(c) At the end of the budget period or the end of the 12-month period thereafter, as applicable, the remaining balance of any appropriations for the administrative expenses of the Fund that have been retained will be surrendered to the Fund, and if a commitment remains valid at the end of the 12-month period following the budget period, such commitment shall be cancelled and funded from the current appropriations for the administrative expenses of the Fund;

(d) The Chief Executive of Pension Administration or the Representative of the Secretary-General, within their respective administrative budgets, may enter into commitments of administrative expenses of the Fund for future budget periods provided that such commitments are for administrative activities that have been approved by the Board and authorized by the General Assembly and that are expected to continue beyond the end of the current budget period. All commitments of expenses for future budget periods shall be disclosed in a note to the Fund's financial statements in accordance with IPSAS, and such commitments shall constitute first charges against relevant appropriations made by the General Assembly.

Authorization for administrative expenses

C.12 The Chief Executive of Pension Administration and the Representative of the Secretary-General, within their respective administrative budgets, shall be responsible for certifying all administrative expenses of the Fund incurred in accordance with financial rule C.2. The utilization of all funds requires the prior authorization of the Chief Executive of Pension Administration or the Representative of the Secretary-General, as the case may be. Such authorization may take the form of (a) an allotment of funds or other authorization to incur commitments and expend specified funds for specified purposes during a specified period or (b) an authorization to employ staff against a staffing table approved by the Board and authorized by the General Assembly.

C.13 Notwithstanding bank signatory functions assigned in accordance with financial rules D.1 and D.2, all commitments, disbursements and expenses require at least two authorizing signatures, in either conventional or electronic form. Expenses recorded against an established, certified commitment do not require additional certification, provided that they do not exceed the amount committed by more than 10 per cent or 4,000 dollars, or its equivalent in other currencies, whichever is lower. Expenses that do not exceed 4,000 dollars, or its equivalent in other currencies, for which the recording of a commitment is unnecessary, require both certification and approval.

C.14 The Chief Executive of Pension Administration and the Representative of the Secretary-General, within their respective authority under the Regulations of the Fund and in consultation with the Chief Financial Officer, shall cooperate in order to designate as follows one or more officials of the Fund or, in the case of services provided to the Fund by the Secretariat of the United Nations in accordance with section F of the present financial rules, one or more officials of the Secretariat of the United Nations:

(a) The certifying officer(s) for the account(s) pertaining to a section or subsection of an approved budget for the administrative expenses of the Fund. Such certifying officers shall be responsible for managing the utilization of resources of the Fund in accordance with: (i)

the Regulations of the Fund and the Administrative Rules, including these financial rules; (ii) the purposes for which resources, in particular resources for the administrative expenses of the Fund, were approved by the Board and authorized by the General Assembly; and (iii) the principles of efficiency and effectiveness;

(b) Approving officers acting under the authority of the Chief Executive of Pension Administration or the Representative of the Secretary-General, as the case may be, to approve the entry into the accounts of the Fund's administrative budget with respect to commitments, disbursements and expenses relating to contracts, agreements, purchase orders and other forms of undertaking after verifying that they are in order and have been certified by a duly designated certifying officer in accordance with financial rule C.14 (a). Such approving officers are also responsible for approving the making of payments once they have ensured that they are properly due, confirming that the necessary goods and services have been received by or on behalf of the Fund in accordance with the contract, agreement, purchase order or other form of undertaking by which they were ordered and, if the cost exceeds 4,000 dollars or its equivalent in other currencies, in accordance with the purpose for which the relevant financial commitment was established.

C.15 The designated certifying and approving officers must maintain detailed records and must be prepared to submit any supporting documents, explanations and justifications requested by the Chief Executive of Pension Administration, the Representative of the Secretary-General or the Chief Financial Officer, as appropriate.

C.16 Approving authority and responsibility under financial rule C.14 (a) cannot be exercised by the same person or persons exercising the certifying functions assigned in accordance with financial rule C.14 (b) or the bank signatory functions assigned in accordance with financial rules D.1 and D.2.

Administration of commitments

Appendix 7

TERMS OF REFERENCE OF THE STAFF PENSION COMMITTEES (SPCS) AND THEIR SECRETARIES¹

Introduction

1. The United Nations Joint Staff Pension Fund (UNJSPF) was established by the General Assembly of the United Nations to provide retirement, death, disability and related benefits for staff of the United Nations and other organizations admitted to membership of the Fund.
2. Under the overall authority of the United Nations General Assembly and pursuant to Article 4 of the UNJSPF Regulations, the United Nations Joint Staff Pension Fund (UNJSPF or the Fund) is administered by the Pension Board, a Staff Pension Committee (SPC) for each member organization and a secretariat to each such committee. In accordance with Article 8 of the Regulations, Pension Administration shall serve as the secretariat of the United Nations Staff Pension Committee. Other SPC Secretaries are appointed by the chief administrative officer of each member organization on the recommendation of the respective SPC.
3. These terms of reference seek to ensure the efficiency of services provided to UNJSPF participants and beneficiaries by defining the respective roles and responsibilities of the UNJSPF member organizations, SPCs, their Secretaries, and the Fund itself. The terms of reference contribute to transparency and accountability and are designed to assist the Fund, and its member organizations, in mitigating risks and minimizing litigation. The document should be read in conjunction with the UNJSPF Regulations, Rules and Pension Adjustment System, the updated version of which can be found at the UNJSPF website (www.unjspf.org). If there is an ambiguity, inconsistency or conflict between the information provided herein and the UNJSPF Regulations and Rules, the Regulations and Rules shall prevail.

Background/Responsibilities of UNJSPF member organizations

4. At the time of joining the UNJSPF, member organizations commit themselves to adhering to the Fund's Regulations, Administrative Rules and Pension Adjustment System. In accordance with Article 49, the UNJSPF Regulations can be amended only by the United Nations General Assembly, upon recommendation by the United Nations Joint Staff Pension Board. Also, at the time of joining the Fund, member organizations agree to set up a SPC and to nominate a Secretary to the SPC. Member organizations must provide adequate resources, data access and support to the SPC and the Secretary to ensure they can meet the Fund's requirements in accordance with its Regulations.
5. The UNJSPF Regulations and Rules are self-contained and stand separate from the Rules and Regulations of each UNJSPF member organization. The Fund also has its own process for individual dispute resolution with its participants and beneficiaries and with anyone who has succeeded to their rights or believes is entitled to rights under the Fund's Regulations. The Fund is bound by any decision taken either at the level of the Standing Committee or of the United

¹ These Terms of Reference were approved by the United Nations Joint Staff Pension Board at its 61st session in July 2014 and amended at its 81st session in July 2025.

Nations Appeals Tribunal (UNAT) concerning pension matters. When accepting the UNJSPF Regulations and Rules, the member organizations also accept the jurisdiction of the UNAT, pursuant to Article 48 of the UNJSPF Regulations, to hear and pass final judgment on applications by such individuals alleging non-observance of the UNJSPF Regulations.

6. The UNJSPF member organizations² manage their own payroll processes as well as the data relating to human resources and finance, including deductions for pension contributions. They, alone, are in a position to know the status of their staff members and, therefore, the SPC and its Secretary, - as well as the Fund itself - are dependent upon the good offices of the relevant administrative services of the member organizations (and all reporting entities). Those functions are responsible for data integrity, internal control, and the timely submission to the Fund of human resources and financial information, as well as ensuring that the related contributions, on behalf of their staff members, are remitted to the Fund as required in accordance with the Fund's Regulations and Rules. Specifically, it is incumbent on each UNJSPF member organization to register a staff member's participation in the Fund upon his/her meeting the requirements under the Fund's Regulations, as well as to furnish other required personal information, and to remit accurate and timely contributions.

7. The UNJSPF relies on the accurate, complete and timely reporting of the participation, contributions and separation of the staff members by the member organizations, and it is essential that the data is correct, and that contributions are calculated correctly and remitted to the Fund on time.

8. In particular it should be noted that the contributory service, which will be recognized for each individual participant, accrues only in accordance with Article 22 of the Fund's Regulations. To the extent that any retroactive participation, recognition of additional contributory service in the Fund, or other change to the reported data relating to a participant or his/her dependents may constitute an additional liability for the Pension Fund, there will be an additional cost to the Fund. Furthermore, where there is a failure (omission or mistake) to report correct data that is attributable to the member organization and where the cost of this liability is identifiable, specific and actuarially quantifiable, it shall have to be paid to the Fund, before any related and ensuing change in a UNJSPF benefit could be certified for payment. To implement Administrative Rule B.3 in a pragmatic manner, no change shall be accepted after the date of final notification by the employing organization to the Fund of the participant's separation, and in any case no later than 3 months from the participant's separation or 6 months from death in service, in respect of records pertaining to the following: a) the date of birth of a participant or that of each of his or her prospective beneficiaries, or b) the report of his or her prospective beneficiaries. Changes made before the deadline will not be subject to additional costs.

9. The member organizations should ensure that they address issues of data integrity and timely reporting within their risk management framework and should build the necessary internal controls into their human resources and payroll processes.

10. The Fund works in partnership with the UNJSPF member organizations – through the SPC where applicable – to ensure that it receives the correct information from them with regard to their

² This pertains equally to all corresponding reporting entities (total of some 80 reporting entities from 23 member organizations), where applicable.

staff members. While the Pension Fund monitors (through spot checks, trend analysis, analysis of variances, and requests of information) the compliance of the member organizations with its Regulations, Rules and the Pension Adjustment System, and will seek to help and collaborate in resolving issues, the ultimate responsibility for data integrity before forwarding to the UNJSPF and the investigation and resolving of discrepancies within that information lies with the member organizations. The UNJSPF is responsible for maintaining the integrity of the data it receives from member organizations or individual participants or beneficiaries.

Background/Responsibilities of Staff Pension Committees

11. Pursuant to the delegation of authority by the United Nations Joint Staff Pension Board under Article 4 (d) of the Regulations, the Staff Pension Committee of each member organization shall exercise the functions provided for in the Regulations and Rules of the Fund. Section C (Staff Pension Committees) of the Rules of the Procedure of the UNJSPF provides details with respect of the overall functioning of the SPCs. Subject to the Fund's Regulations and Rules, each committee shall regulate its own procedures; upon their approval, or revision, they should be sent to the Secretary of the Board.

12. In accordance with Article 6 (c), following the Pension Board's tri-partite nature, each SPC is composed of an equal number of members representing (a) the governing body; (b) the chief administrative officer; and (c) the participants in service of the member organization. In accordance with rule C.1 of the Rules of Procedure, two UNJSPF retiree representatives shall be entitled to attend meetings of the SPC, but shall not have the right to vote.

13. In accordance with the Fund's Regulations and Rules - and as reaffirmed in the Accountability Statement as approved or amended from time to time by the Pension Board³ - each Staff Pension Committee, assisted, when required, by SPC Secretaries, is responsible for:

(a) communicating with and servicing the needs of participants in their respective member organization, in particular with regard to the questions of general interest relating to pension matters such as the actuarial status of the Fund, asset/liability management, sustainability, investment policy, benefit provisions and other plan design issues;

(b) facilitating the provision of the required human resources and financial information in respect of their organization's staff members' participation in the Fund as well as their separation from service and - as part of the risk management framework - monitoring, alerting, and recommending appropriate actions in this regard to the administration of the member organization;

(c) applying the UNJSPF Regulations and Administrative Rules as well as other implementation guidance including consideration of appeals pursuant to Section K of the Administrative Rules;

(d) determining incapacity in accordance with Articles 33, 36(b) and 37(c)(ii) of the UNJSPF Regulations for the purpose of award of disability benefits; and,

³ The Accountability Statement was approved by the Board at its 61st session.

(e) formulating recommendations to the Pension Board, as well as providing nominations to the membership of advisory committees of the Board, and appointing members to the Pension Board in accordance with Article 5 of the Regulations.

14. In undertaking their responsibilities, which may affect the rights under the UNJSPF Regulations, SPCs shall be guided by and act in full compliance with the Fund's Regulations and Rules as well as any advice and guidance received from the Fund.

Background/Responsibilities of SPC Secretaries

15. In practice, Staff Pension Committees have delegated several of their functions to the SPC Secretaries. The Fund's Rules of Procedure for Staff Pension Committees (C.10) state that "*Each committee may delegate to its secretary, subject to such procedure for supervision and reporting as the committee may consider appropriate, the power of acting on its behalf in connection with all straightforward individual cases, except those involving disability.*" The SPC Secretaries are appointed and employed by their member organizations and in respect of pension fund matters perform their functions under the supervision of the SPC.

16. SPC Secretaries are an important and integral part of the Fund's governance structure. Acting as the focal point for Pension Fund matters in their organizations, they provide the administrative assistance that is essential to the Fund's operations. ⁴The SPC Secretaries have separate and distinct roles and responsibilities vis-à-vis the Fund that are defined and governed by the UNJSPF Regulations and Rules - see, *inter alia*, Articles 21 (Participation), 22 (Contributory Service), and 25 (Contributions) as well as Administrative Rules B.1, B.2, B.3 (Participation), D.1, D.4, D.5 (Contributions and Interest), G.1 (Leave without pay) and J.1 (Separation, Computation and Payment of benefits).

17. In particular, SPC Secretaries:

(a) administer pension fund matters within their organizations⁵, including facilitating the provision of all personnel and finance information of active participants (determination of eligibility to participate in the Fund and remittance of contributions to the Fund, together with supporting documentation);

(b) service meetings of their organization's SPC and interact with the members of the constituent groups (governing bodies, executive heads, participants) and retiree representatives on the SPC;

(c) coordinate the member organization's position in regard to specific pension items and bring the issues to the Board's attention through their SPC. The SPC Secretaries have the right to attend, in an *ex officio* capacity, the meetings of the Board and its Standing Committee⁶; and,

⁴ It is recognized that (except in the case of the UNSPC), the SPC Secretaries are employees of the member organizations. They perform many other functions and, therefore, have dual reporting lines depending on the respective areas of responsibility.

⁵ Duties in this regard are more clearly specified in paragraph 20 below.

⁶ Such participation ensures that the Secretaries keep themselves updated on pension information and any possible

(d) serve as interlocutors between the UNJSPF participants of their respective member organizations and the Fund's Chief Executive of Pension Administration.

18. In terms of providing participation information and remitting contributions, the role of SPC Secretaries is to monitor that such reporting is carried out in compliance with the relevant UNJSPF Regulations and Rules and operational requirements of the Fund. This can be ensured through having adequate access to the Human Resources or Payroll data of the member organization and establishing the means to send this data electronically to the Fund secretariat via IT interfaces, or for smaller agencies, through self-service (Member or Self Service) functionality, portals and dashboards made available by the Fund. Any change in the operational requirements of the Fund will be made in close consultation with member organizations.

19. Likewise, SPC Secretaries are responsible for advising the staff members of their organizations in respect of any pension matters, in accordance with the Fund's Regulations and Rules or special case scenarios resulting from the Pension Board decisions or UNAT jurisprudence. In particular, SPC Secretaries should, in collaboration with the HR offices, inform and advocate the importance of participants to fulfill their responsibility to notify the organizations of any changes concerning their personal information (Article 42 (Information from participants and beneficiaries) and Administrative Rule B.3 (Participation)) and furnish documentary or other proof thereof as required⁷. In addition, SPC Secretaries are responsible for appropriately informing the participants of their possible right to validate non-contributory service (Article 23) and/or to restore (Article 24) their prior service and of the participants' possible rights to transfer their pension rights (Article 13). They should also inform participants about the need to fill in the designation of beneficiary form for a possible residual settlement (Article 38).

20. In support of accurate and compliant pension administration, SPC Secretaries should ensure that the staff of the Human Resources and Payroll Services of their respective member organizations are adequately informed of the Fund's Regulations and Administrative Rules, particularly those governing eligibility, participation, and contributions (e.g., Article 21). This includes promoting awareness of updates to benefit provisions and procedural requirements. The Fund will support this effort by providing relevant training materials, guidance, and updates to SPC Secretaries, who are expected to disseminate this information appropriately within their organizations.

21. As regards operational matters vis-à-vis the Fund, the SPC Secretaries⁸ are responsible for the administration of several pension matters that last from the staff member's entry into the Fund, through separation from service. In practice their actions relate, but are not limited to, the following UNJSPF provisions:

changes in the Fund's Regulations, Administrative Rules and the Pension Adjustment System. In addition, the Secretaries learn about the Board's decisions as it interprets the Regulations, as well as about the United Nations Appeals Tribunal jurisprudence concerning the implementation of the Fund's Regulations.

⁷ Failure by a UNJSPF participant to accurately report such an information or submission of evidence, prior to the separation or death in service, may result in the ineligibility for the UNJSPF benefits.

⁸ As mentioned above, in accordance with **Article 8** of the Regulations, the Pension Administration (the Fund secretariat) shall serve as the secretariat of the United Nations Staff Pension Committee (UNSPC).

- a) Participation (Articles 21, 40, 51 of the Regulations, Section B of Administrative Rules and Supplementary Article B);
- b) Validation (Articles 23, 25 (c) of the Regulations, Section D (2), E of Administrative Rules and Supplementary Article A (b));
- c) Restoration (Articles 24, 25 (d) of the Regulations, Section D (2), F of Administrative Rules);
- d) Transfer of pension rights (Article 13);
- e) Leave without pay (Articles 21 (c), 22 (b), 25 (b), 39 of the Regulations, Section D (2), G of Administrative Rules);
- f) Part-time employment (Supplementary Article A);
- g) Periodic contributions reporting;
- h) Monthly contribution remittances⁹;
- i) Disability (Articles 33, 36 (b), 41 (b) of the Regulations, Section H of Administrative Rules);
- j) Separation from service (Section J of the Administrative Rules);
- k) Death in service;
- l) Terms and Conditions of the Pension Adjustment System; and,
- m) Emergency Fund (Note A, UNJSPF Emergency Fund).

22. In the exercise of their functions relating to the UNJSPF Regulations and Rules, the duties of the Secretaries are performed purely on behalf of the UNJSPF and, in this regard, the Secretaries have a responsibility to consult with and to report to the UNJSPF. Should the Secretaries follow the instructions from the UNJSPF member organizations that are contrary to the Regulations and Rules of the Fund, the member organization shall be liable for the consequences, including possible additional actuarial costs in individual cases, if any.

23. In fulfilling their duties, the SPC Secretaries are subject to the UNJSPF Regulations and Rules as well as implementation guidance and advice provided by the Fund, including Circular Letters of the Fund's Chief Executive of Pension Administration. In case of an ambiguity, inconsistency or conflict between the information in the Administrative Manual¹⁰ and the UNJSPF Regulations and Rules, the UNJSPF Regulations and Rules prevail; the updated version of which are always available on the Fund's website (www.unjspf.org). In addition, the SPC Secretaries should consult the UNJSPF Case Digest, which is a database of decisions of the Standing Committee and judgments of the United Nations Administrative Tribunal and the United Nations Appeals Tribunal in relation to cases brought against the United Nations Joint Staff Pension Board (UNJSPB).

Responsibilities of UNJSPF (Pension Administration)

24. Pursuant to Article 7 (b) of the UNJSPF Regulations, authority to certify UNJSPF benefit payments is reserved to the Chief Executive of Pension Administration. Only the Fund can determine and calculate the pension benefit entitlements that may be payable. Such decisions

⁹ In some organizations, contribution remittances are handled by the Finance department.

¹⁰ It is specifically noted that the latest update of the Administrative Manual dates back to 1987. However, it will be updated after the implementation of the Integrated Pension Administration (IPAS) system.

concerning participants'/beneficiaries' entitlements are examined exclusively on the basis of the Fund's Regulations and Rules and are subject to review by the United Nations Appeals Tribunal pursuant to Article 48 of the Fund's Regulations and to Section K of the Administrative Rules.

25. Based on the Regulations and Rules, the responsibility for determining eligibility to participate in the Fund rests with the employing organizations/SPCs/SPC Secretaries. Recognizing the difficulties and concerns the SPC Secretaries may have fulfilling this duty, the Fund will make available¹¹, a web service that provides *self-service search access* to UNJSPF Customer Relationship Management portal (i.e., UNJSPF Connect) of pensionable contracts of staff from member organizations with prior service. This tool can be used by the SPC Secretaries to assist in determining potential eligibility to participate in the Fund, restoration or validation of prior service or transfer of pension rights. Such access is provided on the understanding that a) the responsibility to determine eligibility (including inquiries from the staff members about prior service) remains with the member organizations/SPCs/SPC Secretaries; b) although the Fund will facilitate research by providing access to this database, data ownership rests with the member organizations; c) the limited data provided may be incomplete and can only be used as an additional tool in addition to the information provided by the staff member; and d) the confidentiality requirements of the Fund are maintained.

26. The Fund is responsible for providing adequate training for the SPC Secretary and his/her staff. Such training is mandatory for all SPC Secretaries upon their appointment.

Confidentiality of Information

27. In view of the personal and sensitive nature of the information and issues involved, the UNJSPF, and equally the SPCs and the SPC Secretaries, are bound - vis-à-vis participants and beneficiaries - by the Fund's confidentiality rule (Administrative Rule B.4) concerning the disclosure of pension / personal information to third parties. Information submitted by UNJSPF participants exclusively to the Pension Fund for pension benefit purposes (e.g. medical information, designation of beneficiary forms or payment instructions) is confidential and shall only be disclosed if a written consent or authorization by the participant or beneficiary has been received. The members of SPCs and the SPC Secretaries are not considered to be a third party for the purpose of Administrative Rule B.4. However, all SPC documentation is anonymous and UNJSPF participants are not identified by name but by their participation or retirement number. In all individual cases, the proper channel of communication is through the SPC Secretary, to whom the Fund will provide self-service search access to its database in respect of non-pensionable contracts of staff members and possible prior pensionable service, in another member organization or organizations.

28. The SPCs, through the SPC Secretaries, may provide to their member organizations relevant pension information of a participant or beneficiary that is considered necessary in the administration of staff members and their entitlements in that organization. Such information could be needed for the purposes of administering health or other insurance plans; settling a worker's compensation claim, or in connection with formal legal claims filed under the member organizations' Staff Rules and Regulations; in cases of proven fraud; or for determining indemnity

¹¹ The Fund is in the early stages of design (before full development, testing and training) of such a web service.

benefits e.g. in the cases of termination of appointment for health reasons. Information is provided only to authorized administrators who need such information for their official functions.

Accountability

29. Actions, omissions and decisions of SPCs and their Secretaries, on behalf of the Pension Board, may have a direct impact on the subsequent decisions taken at the level of the Fund with respect to benefit entitlements of the participant or beneficiary. This could expose the Fund and its assets to considerable risk. Keeping in mind judicial control concerning the decisions that may affect benefit entitlements, SPCs and SPC Secretaries report, consult, and comply with the Regulations and implementation guidance, or other advice received from the UNJSPF. Particularly, application and interpretation of the Fund's legal framework falls exclusively on the UNJSPF and SPCs and their Secretaries should follow the advice provided by the Chief Executive of Pension Administration. Any action or omission taken in violation or disregard of guidance or advice provided by the Fund's secretariat, may lead to possible (additional) actuarial cost that has to be borne by the member organization, in accordance with Article 25 (e) of the UNJSPF Regulations and Administrative Rule B.3 (b) as described in paragraph 7 above.

30. The Pension Fund has a duty to provide information, advice, support and guidance to SPCs and their Secretaries in their day-to-day administration of pension matters within their member organizations. This includes updating them on any changes in the Fund's Regulations and Rules or the decisions of the Pension Board and/or the resolutions of the United Nations General Assembly or other relevant information, guidelines or forms. The Pension Fund secretariat is responsible for providing substantive and procedural advice on the application or interpretation of the Fund's Regulations and Administrative Rules and it, accordingly, defends all the cases before the Standing Committee and the United Nations Appeals Tribunal.

31. Once the member organizations have reported the required data to the Fund as well as resolved possible discrepancies, the UNJSPF alone is responsible for maintaining the integrity of the data in respect of individual participants or beneficiaries.

32. The member organizations, their SPCs and SPC Secretaries and the Fund must coordinate, inform and consult with each other in respect of formal legal appeals or claims filed by staff members, either against the employing organization or against the Fund that might have consequences on pension entitlements.

Consultative process

33. In light of the foregoing, it is in the interest of the Fund's Administration, the Staff Pension Committees and their Secretaries and staff of each member organization to work together and to ensure a seamless process in the administration of eligibility, participation, separation, as well as in the consideration of disability cases.

34. When performing their functions, SPC Secretaries should report and consult on the interpretation of UNJSPF Regulations or Rules, policy or procedural questions, or complex cases with the Fund. The Fund shall provide advice in a timely manner and communicate only with the SPC Secretary directly, unless agreed otherwise in relation to queries emanating directly from a participant (see Rules of Procedure C.9). The SPC Secretary will be informed of instances where

there is direct communication between the Fund and a participant in the SPC Secretary's member organization.

35. Ultimately, the Pension Board has the authority to interpret the Regulations and Administrative Rules in accordance with Article 2 of the Regulations. Individual cases are addressed through the normal appeals procedure provided in Section K and Article 48 of the Fund's Regulations and Administrative Rules.

* * *

The Pension Adjustment System of the United Nations Joint Staff Pension Fund was adopted by the United Nations General Assembly by resolution 37/131 of 17 December 1982 and has been amended by the Assembly a number of times since then, following recommendations made by the United Nations Joint Staff Pension Board.

* * *

A. GENERAL DESCRIPTION

1. Pension adjustment is intended to ensure that, subject to paragraph 23 below, a periodic benefit payable by the United Nations Joint Staff Pension Fund never falls below the "real" value of its United States dollar amount and to preserve its purchasing power as initially established in the currency of the recipient's country of residence.

2. The "real" value of a United States dollar amount is the base amount as determined under the Regulations of the Fund, adjusted over time for movements of the United States consumer price index (CPI), while the purchasing power of a recipient's benefit, once established in local currency, is preserved by adjusting it for movements of the consumer price index in the recipient's country of residence.

3. The operation of the Pension Adjustment System involves keeping a record of two amounts for a beneficiary^{1/}:

(a) one in United States dollars, which is adjusted periodically to reflect changes in the United States CPI;

(b) the other, if applicable, in local currency, which is adjusted periodically to reflect changes in the CPI in the beneficiary's country of residence.

B. BENEFITS INVOLVED

4. Except as otherwise noted (e.g., in paragraphs 5(d), 10 and 27 below with regard to deferred retirement benefits), the Pension Adjustment System applies to retirement, early retirement, deferred retirement, disability, surviving spouse's, child's and secondary dependant's periodic benefits. It does not apply to withdrawal or other lump-sum payments, including those derived from the partial or total commutation of a periodic benefit, nor does it apply to any benefit arising from voluntary deposits. Adjustments operate on benefits based on standard, minimum and maximum formulae, including those that are based on flat dollar amounts.

C. DETERMINATION OF BASE AMOUNTS

5. The two base amounts for beneficiaries are determined as follows:

(a) A dollar base amount is established on the basis of the basic pension determined in accordance with the Regulations of the Fund and excluding, where necessary, any portion elected under the commutation provisions of the Regulations, but reflecting, where applicable, any special adjustment determined under section E below.

(b) A local currency base amount is calculated for the country of residence established pursuant to section N below, as follows:

(i) A cost-of-living differential factor is established for the country of residence and the month of separation in accordance with section D below. This factor is applied

to that portion of the final average remuneration which does not exceed the pensionable remuneration, on the date of separation, in the scale referred to in article 51(b) of the Regulations, at the top step of the grades set out below:

P-2: for separations before 1 April 1992;

P-4: for separations on or after 1 April 1992;

for disability benefits commencing after 1 January 1991 and for other benefits derived therefrom; and for survivors' and other benefits due to deaths in service of participants occurring on or after 1 January 1991. The resulting amount is added to the final average remuneration;

- (ii) A notional dollar base amount is established on the basis of the adjusted final average remuneration as per (i) above and in accordance with the Regulations, excluding that percentage of the base pension which was commuted into a lump sum;
- (iii) The local currency amount is then derived by applying to item (ii) the average, computed over the 36 consecutive calendar months up to and including the month of separation, of the exchange rates between the United States dollar and the currency of the country of residence.

(c) For beneficiaries to whom the interim and transitional measures set out in section P below apply, the local currency base amount calculated in (b) above shall be subject to the minimum determined in accordance with section P below.

(d) The cost-of-living differential factor in subparagraph 5(b) (i) above shall not apply to deferred retirement benefits.

D. COST-OF-LIVING DIFFERENTIAL FACTORS

6. The cost-of-living differential factor referred to in subparagraph 5(b) (i) above is computed as follows:

- (a) For participants in the Professional and higher categories:
 - (i) The excess, if any, of the number of classes of post adjustment in the country of residence over that of New York is determined for each of the 36 consecutive calendar months up to and including the month of separation. In this process, partial classes are converted to decimal fractions (rounded to two places) of complete classes;
 - (ii) A 36-month average excess of post adjustment classes is then computed by averaging the 36 individual results (including those months, if any, when there was no excess);
 - (iii) If there is more than one post adjustment classification for the country of residence, the one producing the highest 36-month average excess is used. If there is no post

adjustment classification, the classification of another country with comparable cost of living is substituted, under a procedure to be developed jointly by the United Nations Joint Staff Pension Board and the International Civil Service Commission;

- (iv) The applicable cost-of-living differential factor is finally derived from the following applicable table, the result being interpolated, when necessary, between the factors applicable for two exact numbers of classes of post adjustment:

Separations before 1 April 1992

(b) For participants in the General Service category whose country of residence after separation is other than the country of their duty station at the time of separation:

- (i) A midpoint net salary, both with and without the pensionable non-resident allowance but without the language allowance, is defined for each duty station as the average, in local currency, of the net salary at step I of the lowest level of the United Nations General Service salary scale in that duty station and the net salary at the top step of the highest level in that scale, but without taking into account the extended General Service levels;
- (ii) The midpoint net salary, without the pensionable non-resident allowance, in effect during the month of separation in the duty station of the country of residence after separation is averaged with the corresponding midpoint net salary three years earlier. If there is more than one duty station in that country, the one producing the highest average midpoint net salary is used. If there is no duty station in the country, a duty station of another country with comparable cost of living will be substituted, under a procedure to be developed jointly by the United Nations Joint Staff Pension Board and the United Nations. The resulting amount is converted into United States dollars by the application of the average, computed over the 36 consecutive

calendar months up to and including the month of separation, of the exchange rates between the United States dollar and the currency in which the midpoint net salary is denominated;

- (iii) The midpoint net salary, with the pensionable non-resident allowance, in effect during the month of separation in the participant's duty station is averaged with the corresponding midpoint net salary three years earlier. The resulting amount is converted into United States dollars by the application of the average, computed over the 36 consecutive calendar months up to and including the month of separation, of the exchange rates between the United States dollar and the currency in which the midpoint net salary is denominated;
- (iv) A ratio of midpoint net salaries is then determined by dividing the United States dollar amount in (ii) above by the United States dollar amount in (iii) above, rounding the result to two decimal places and multiplying it by 100;
- (v) The applicable cost-of-living differential factor is finally derived from the following tables, the result being interpolated, where necessary, between the factors applicable to the next higher and the next lower ratio in the following applicable table:

(c) No cost-of-living differential factor shall be determined for participants in the General Service category whose country of residence after separation is the country of their duty station at the time of separation. In other words, no adjustment shall be made to the final average remuneration of such participants for purposes of subparagraph 5(b) above.

E. SPECIAL ADJUSTMENT FOR SMALL PENSIONS

7. Whenever the dollar amount of the standard annual rate of a retirement or a disability benefit under the Regulations of the Fund, before commutation and based on 15 or more years of contributory service, is less than the highest dollar amount in the applicable table below, the benefit shall be subject to a special adjustment as follows:

3 600	7

8. The special adjustment for an annual amount which falls between two amounts in the above tables is obtained by interpolation with the result rounded to two decimal places. The amount resulting from the application of the special adjustment is added to the dollar base amount for purposes of subparagraph 5(a) above.

9. Beneficiaries in receipt of retirement or disability benefits which commenced before 1961 and which amounted to less than \$4,000 on 1 January 1982 became entitled on that date to the special adjustment specified in paragraphs 7 and 8 above, even if their benefits were based on less than 15 years of contributory service.

10. No special adjustment shall be made in the case of early or deferred retirement benefits. In the case of surviving spouse's, orphan's and secondary dependant's benefits, a special adjustment is applied only if those benefits are derived from benefits which themselves were (or would have been) subject to a special adjustment. In that case, the special adjustment factor shall be the same as the one which had (or would have) been applied to the retirement or disability pension from which the benefit is derived.

F. SUPPLEMENTARY MEASURES

11. Beneficiaries in receipt of retirement or disability benefits or of surviving spouse's or secondary dependant's benefits derived therefrom, who were aged 75 or over on 1 January 1982 and whose annual retirement or disability benefit on that date was below 50 per cent of the then net base salary of a staff member at grade P-1, step I, became entitled from that date to receive a

thirteenth monthly payment every year. The thirteenth payment shall be calculated in such a way that the total annual benefit payable to a beneficiary above the limit is not less than the amount payable to a beneficiary just below the limit.

G. SOURCES OF DATA AFFECTING ADJUSTMENTS

12. For the purposes of subparagraph 6(a) above, the number of classes of post adjustment in a given country for a given month are taken from information provided by the International Civil Service Commission.

13. For purposes of subparagraph 6(b) above, the midpoint net salaries are determined from the United Nations General Service salary scale for the particular duty station. If the duty station has been in existence less than three years, the midpoint net salary in effect during the month of separation is averaged with the corresponding midpoint net salary at the time that the duty station was established.

14. For measuring changes in the CPI for the United States and for a particular country of residence, the index used is the official CPI for the country as a whole issued by the national Government and published in the United Nations Monthly Bulletin of Statistics. Where no such index is published in the United Nations Monthly Bulletin of Statistics for a particular country or area, another regularly published index specified by the Statistics Division of Department of Economic and Social Affairs of the United Nations may be utilized. Once an index has been utilized to give effect to an adjustment, any subsequent amendment or correction of that index will not give rise to retroactive correction of the adjustment.

15. Because of the time-lag which exists between the date when the CPI (for any country) is published in the United Nations Monthly Bulletin of Statistics and its effective date, the index used on a given adjustment date is that for the fourth month immediately preceding the date of the adjustment. As an example, the index applicable for the measurement of a possible adjustment on 1 April 2001 would be the index published for December 2000. However, if the applicable index is not available within two months after the adjustment date, then the latest available index prior to that of the fourth month immediately preceding the date of adjustment is utilized for the measurement of a possible adjustment effective as from the adjustment date.

16. For the purposes of subparagraphs 5(b) (iii) and 6(b) (ii) and (iii) above, and paragraphs 23 and 27 below, the official United Nations operational rates of exchange shall be used.

H. SUBSEQUENT ADJUSTMENTS OF THE BENEFIT

17. As stated in paragraph 3 above, each beneficiary's record contains a United States dollar amount and, if applicable, an amount in the currency of his or her country of residence. These amounts, having first been determined in accordance with sections C, D and E above, are subsequently adjusted on an annual basis, on 1 April in accordance with the following procedure:

(a) The dollar amount is adjusted by the ratio of the United States CPI applicable on the date of the adjustment to the United States CPI last utilized;

(b) The local currency amount is adjusted in the same manner, but using the CPI for the country of residence.

18. No adjustment is made in either the dollar amount or the local currency amount if the applicable CPI has moved by less than 2 per cent since the date of the last adjustment. The ratio of the CPI at one time to the CPI at another time is rounded to three decimal places.

19. If the applicable CPI has moved by 10 per cent or more from the CPI used for the adjustment made on 1 April as stated in paragraph 17 above, an additional adjustment of the dollar amount or the local currency amount, as the case may be, shall be made on 1 October of the same calendar year.

20. The initial adjustments due after separation (or death, as the case may be), to both the dollar and the local currency amounts, shall be reduced by 1.5 percentage points except in the case of the benefits under section E above and the minimum benefits under the Regulations. Effective 1 April 2005, the reduction in the initial adjustments due after separation shall be by 1 percentage point; with respect to benefits to which the 1.5 percentage points reduction was applied before 1 April 2005, there shall be a 0.5 percentage point increase in the first adjustment due on or after 1 April 2005. Effective 1 April 2007, the reduction in the initial adjustments due after separation shall be by 0.5 percentage point; with respect to benefits to which the 1.0 percentage point reduction was applied before 1 April 2007, there shall be a 0.5 percentage point increase in the first adjustment due on or after 1 April 2007.

21. No adjustment is made on the date immediately following separation (or death as the case may be) even if such date coincides with the annual adjustment date. Except as provided in paragraph 22 below, all new entitlements become eligible for a possible adjustment, if applicable, on the annual adjustment date next following their effective date, at which time any adjustment due is pro-rated according to the period since separation. For example, a cost-of-living increase assumed to apply on 1 April 2001, would increase benefits by:

- The entire percentage of increase for separations before April 2000;
- 11/12 of the increase for separations in the month of April 2000;
- 10/12 of the increase for separations in the month of May 2000;
- 9/12 of the increase for separations in the month of June 2000;
- 8/12 of the increase for separations in the month of July 2000;
- 7/12 of the increase for separations in the month of August 2000;
- 6/12 of the increase for separations in the month of September 2000;
- 5/12 of the increase for separations in the month of October 2000;
- 4/12 of the increase for separations in the month of November 2000;
- 3/12 of the increase for separations in the month of December 2000;
- 2/12 of the increase for separations in the month of January 2001;
- 1/12 of the increase for separations in the month of February 2001;
- 0 per cent for separations after February 2001.

22. If an adjustment is made on a semi-annual basis in accordance with paragraph 19 above, the pro-rating of the new entitlements referred to in paragraph 21 above is made over a six-month period. A cost-of-living increase assumed to apply on 1 October 2001, for example, would increase benefits by:

- The entire percentage of increase for separations before April 2001;
- 5/6 of the increase for separations in the month of April 2001;
- 4/6 of the increase for separations in the month of May 2001;
- 3/6 of the increase for separations in the month of June 2001;
- 2/6 of the increase for separations in the month of July 2001;
- 1/6 of the increase for separations in the month of August 2001;
- 0 per cent for separations after August 2001.

I. PAYMENT OF THE BENEFIT

23. Where a beneficiary resides in a country other than the United States, the determination of the amount of the periodic benefit payable in a given month is made as follows:

The dollar amount as initially determined under subparagraph 5(a) above and then adjusted under section H above, is converted to the local currency equivalent by using the exchange rate in effect for the month preceding the calendar quarter of that payment. The resultant amount is compared to the local currency amount as initially determined under subparagraph 5(b) above and then adjusted under section H above. Except as provided in paragraph 25 below, the beneficiary is entitled, until the next quarter, to the greater of the local currency amount or the local currency equivalent of the dollar amount, subject to a maximum of: (a) 120 per cent of the local currency amount with respect to benefits payable on account of separations or deaths in service before 1 July 1995 and other benefits derived therefrom; (b) 110 per cent of the local currency amount with respect to benefits payable on account of separations or deaths in service on or after 1 July 1995 and other benefits derived therefrom. The limitations described in (a) and (b) above shall not result in a benefit being smaller than either the United States dollar base amount determined in accordance with the Regulations of the Fund or 80 per cent of the adjusted United States dollar-track amount.

24. No change is made in the two amounts during the months within each quarter. Thus, changes in the exchange rate within a quarter are ignored for all purposes, irrespective of the currency of payment chosen under article 47 of the Regulations, and no retroactive adjustment is made.

25. An exception to the rule outlined in paragraph 24 above may be made if certain events (e.g., sudden redenomination of a currency or a very high rate of inflation) result in a real loss of purchasing power of more than 20 per cent in the beneficiary's benefit.

26. a) For countries where the application of the local-currency track would lead to aberrant results, with wide fluctuations depending on the precise commencement date of the underlying benefit entitlement, establishment of a local currency base amount in accordance with section C may be suspended by the Chief Executive of Pension Administration with respect to future and current retirees and beneficiaries. In such cases, the Chief Executive of Pension Administration shall duly inform retirees and beneficiaries in pay status in advance of such suspension. The Chief Executive of Pension Administration shall also inform the Board of this action, as soon as feasible.

b) For countries where:

i) up-to-date CPI data is not available, after examining possible alternative sources of cost-of-living data and taking into account the particular circumstances of the beneficiaries residing in those countries; or

ii) the 36 month average of exchange rates covers different currency units or includes a currency unit that is no longer applicable and reasonable adjustment and/or conversions are not available or cannot be determined in accordance with section Q, the application of the Local Currency Track may be suspended for future and current retirees and beneficiaries; such suspensions shall apply only prospectively, with due notice given to the current retirees and beneficiaries concerned.

c) As determined by the Chief Executive of Pension Administration, the Local Currency Track benefit may be reinstated after it is determined that the economic conditions within that country create a situation where the Local Currency Track benefit will once again, as of the reinstatement date, be expected to consistently preserve the purchasing power of the monthly pension benefit as established in the currency of the recipient's country. The following provision will be applicable with respect to the reinstatement of the Local Currency Track benefit:

i) A new local currency base amount will be established for the country of residence in accordance with section C, replacing the month of separation by the month prior to the reinstatement date wherever it occurs in that section. A new notional dollar track benefit will not be established.

ii) Section H shall apply with the adjustment occurring as of the 1 April following the reinstatement date,

iii) Section I will apply commencing on the first quarter following the reinstatement date.

iv) All retirees and beneficiaries residing in the country as of the reinstatement date will be allowed to elect payment of the local currency benefit at any time subsequent to the reinstatement date provided residence is maintained and acceptable proof of such residency is provided to the Fund. These reinstatement provisions are not applicable to retirees and beneficiaries whose benefits commence subsequent to the reinstatement date.

J. DEFERRED RETIREMENT BENEFIT

27. (a) For participants whose date of separation was before 31 December 1989, no adjustment shall be applied to deferred retirement benefits prior to the beneficiary's reaching age 50. Commencing at age 50 or the date of separation, if later, the base dollar pension under subparagraph 5(a) above is adjusted by the United States CPI in accordance with section H above, without retroactive effect. The two-track adjustment system becomes operative on the date of commencement of the payment of the periodic benefit. At that time a local currency base amount is established by applying to the adjusted dollar amount the average exchange rate over the 36 consecutive months up to and including the month of first payment.

(b) For participants separating from service on or after 31 December 1989, no adjustment shall be applied to deferred retirement benefits prior to the beneficiary's reaching age 55.

Commencing at age 55 or the date of separation, if later, the adjustment procedures set out in (a) above shall be applied to the deferred retirement benefits.

K. SURVIVORS' BENEFITS

28. Benefits payable to survivors are established at the time of the survivor's entitlement. The starting point is the notional or adjusted pension immediately prior to the participant's date of death, with due allowance for any pension previously commuted.

L. FLAT-RATE BENEFITS^{2/}

29. The initial amount of each flat-rate benefit shall be determined on the basis of its "real" value in United States dollar terms by applying to it the movement of the United States CPI since 1 January 1973 (the date on which adjustments were first applied to the dollar amounts specified in the Regulations for these benefits).

M. DETERMINATION OF ENTITLEMENTS

30. Until satisfactory proof is submitted to show in which country the beneficiary is residing and other required formalities are completed, only the dollar amount of the pension (determined as in section C and adjusted as described in sections E and H above) is paid. If such proof is provided within six months from the date of entitlement, the local currency base amount is computed from that date, with retroactive adjustment if it results in a greater benefit. However, if proof of residence is not provided within six months from the date of entitlement, the local currency base amount becomes payable only as from the first day of the quarter following acceptance of such proof, with no retroactive adjustment.

N. COUNTRY OF RESIDENCE

31. (a) A beneficiary may at any time submit proof of residence in the country of his or her choice. Such proof must be in a form acceptable to the Pension Fund. Once proof of residence has been accepted, payment of the benefit is made in accordance with the procedures described in sections I and M above. A beneficiary who subsequently relocates may change his or her country of residence by submitting satisfactory proof of residence in the new country, but no request for a change of the country of residence will be accepted unless it is accompanied by satisfactory proof of relocation.

(b) Reversion to the United States dollar entitlement alone may be permitted on a case-by-case basis for beneficiaries who, for compelling personal reasons, move from a high-cost to a low-cost country after having provided proof of residence, subject to the following conditions:

- (i) The move was to the country of nationality of the beneficiary or of a family member, or to the country of a former duty station of the retiree, or was due to other personal and compelling reasons; and
- (ii) The beneficiary had been on the two-track system for a minimum period of one year before the submission of the request for such reversion.

32. If a beneficiary changes his country of residence and provides satisfactory proof to that effect, then, starting on the first day of the quarter following arrival in the new country of residence, his or her local currency amount is recomputed as if he or she had always resided in the new country of residence. All changes in country of residence must be reported promptly, i.e., no later than six months from the date of arrival, and satisfactory proof of residence in the new country has to be provided as in section M above. If such proof is not provided within six months from the date of arrival, the local currency amount is nevertheless recomputed as if the beneficiary had always resided in the new country of residence, but it becomes effective only as from the first day of the quarter following acceptance of such proof, with no retroactive adjustment, except that the Fund has the right to recover excess benefit payments made if it is found that the benefit payments since the date of arrival in the new country would have been lower if the change had been reported on a timely basis.

O. EXISTING BENEFICIARIES

33. The 1.5 percentage point reductions referred to in paragraph 20 above shall also be applied, on the occasion of the first adjustments due after 1 January 1985, to both the dollar and the local currency amounts of the benefits of existing beneficiaries, except for benefits whose dollar base amounts had been established under either the minimum provisions of the Regulations or under section E above. Beneficiaries under section F above shall also be excluded from these reductions.

34. Existing beneficiaries, who were in receipt of a benefit on 1 January 1985 and who had submitted, prior to that date, satisfactory proof of residence in countries other than the United States, will remain entitled to the United States dollar amount of their benefits as at 31 December 1984, notwithstanding the limitation specified in paragraph 23 above. However, in the event of a subsequent upward adjustment, the United States dollar amount of their benefits shall be subject to the said limitation^{3/}.

P. INTERIM AND TRANSITIONAL MEASURES FOR CALCULATION OF THE LOCAL CURRENCY BASE AMOUNT^{4/}

35. For countries where the 36-month average exchange rate under subparagraph 5(b)(iii) showed an overall decline during the years 1986 and 1987, the local currency base amount for certain participants in the Professional and higher categories, who separated or died in service during the years 1987 through 1990, shall not be less than the amount derived by applying, to the dollar base amount in subparagraph 5(a), the average monthly ratio between the local currency base amount and the dollar base amount during 1987. For each such country, the ratio for each month in 1987 shall be determined by dividing the local currency base amount derived from subparagraph 5(b) by the dollar base amount derived from subparagraph 5(a), for a participant at grade P-4, step XII, retiring with twenty years of contributory service who becomes entitled to a retirement benefit as of the first day of the month following his retirement.

36. The amount derived under paragraph 35 shall be applicable:

(a) To the benefits of participants who separated from service, or died in service, during the years 1988, 1989 or 1990, and to survivors' and other benefits derived therefrom, except for deferred retirement benefits and survivors' and other benefits derived therefrom;

(b) To the benefits of participants who separated from service, or died in service, during the year 1987 and to survivors' and other benefits derived therefrom, except for early retirement and deferred retirement benefits and survivors' and other benefits derived therefrom, provided that any adjustment hereunder shall be payable only as from 1 January 1988.

37. Participants in the Professional and higher categories, who separated from service or died in service between 1 January 1991 and 31 March 1992, and who were age 55 or above on 31 December 1990, shall be entitled to no less than the local currency base amount to which they would have become entitled under paragraphs 35 and 36 above, if they had separated on 31 December 1990, at the age and with the final average remuneration and contributory service attained on that date.

Q. SPECIAL MEASURE FOR DETERMINATION OF THE
LOCAL CURRENCY BASE AMOUNT IN CERTAIN COUNTRIES
WITH A NEW CURRENCY UNIT

38. (a) For countries where a new currency unit was introduced on or after 1 January 1990 which represented, at the time of its introduction, an increase in the value of the local currency, in relation to the United States dollar, of at least 100 per cent, the local currency base amount under, paragraph 5(b) (iii) above shall be determined in the following manner:

- (i) For beneficiaries separating before or during the month of introduction of the new currency unit: by applying to the dollar base amount, as adjusted under section H above to the date of introduction of the new local currency unit, the United Nations operational exchange rate in effect as of such date;
- (ii) For beneficiaries separating after the end of the month of introduction of the new currency unit: by applying to the dollar base amount the average of the United Nations operational exchange rates for the new local currency unit over the period from the effective month of introduction of the new currency unit to the month of separation, up to a maximum of 36 months.

(b) This special measure shall apply to all beneficiaries who have provided, or will provide in future, proof of residence in a country which meets the criteria in (a) above.

(c) (i) The local currency base amount determined in accordance with (a) (i) above shall be adjusted by the consumer price index movement, in accordance with section H above, as from the date of introduction of the new currency unit;

(ii) The local currency base amount determined in accordance with (a) (ii) above shall be adjusted by the consumer price index movement, in accordance with section H above.

(d) The local currency amount calculated under this special measure will be paid only with effect from the first day of the quarter following submission of proof of residence, or in cases where proof of residence had been submitted earlier, as from the first day of the quarter following the date of introduction of the new local currency unit, with retroactive effect only as from 1 January 1996.

(e) Should the new local currency unit depreciate against the United States dollar by 50 per cent or more from its value on the date of introduction, beneficiaries covered by the special measure may exercise an option, within two years as from the date of implementation of the special measure, 1 January 1997, to withdraw their proof of residence and to have their pension benefits paid thereafter solely on the United States dollar track. Such reversion to the dollar track alone would be effective as from the first quarter following receipt by the Fund secretariat of the beneficiary's withdrawal of proof of residence.

Footnotes - Annex IV

1/ In this annex, the term "beneficiary" is used to designate all persons entitled to receive periodic benefits under the Regulations of the Fund.

2/ The adjusted levels of the flat-rate benefits and the latest amounts, as adjusted in accordance with the movement of the United States CPI under the Pension Adjustment System, are always found on the Fund's website (www.unjspf.org).

3/ When the limitation specified in paragraph 23 above was introduced, effective 1 January 1985, the General Assembly decided by resolution 39/246 that beneficiaries who had submitted, before 1 January 1985, satisfactory proof of their residence outside the United States be given a one-time option, with a specified time-limit, to withdraw their proof of residence and thereby elect to have their benefit adjusted solely in accordance with the movement of the United States CPI as from 1 January 1985. Subsequently, the United Nations Joint Staff Pension Board decided and reported thereon to the General Assembly in 1991 that the beneficiaries who were receiving, on 1 April 1991, less than the local currency equivalent of the dollar amount, because of the maximum payment provision under paragraph 23 above, should be given the option to move off the two-track system, prospectively.

4/ Under the interim and transitional measures, the corresponding minimum ratios between the applicable local currency and dollar base amounts are as follows: Afghanistan - 55; Austria - 17.63; Belarus - 0.765; Belgium - 51.12; Cuba - 0.863; Cyprus - 0.557; Czechoslovakia - 11.32; Democratic People's Republic of Korea - 2.37; Denmark - 9.21; Finland - 5.54; France and other French franc countries (French Guiana, Martinique and Monaco) - 7.86; Germany - 2.51; Guadeloupe - 7.87; Iran (Islamic Republic of) - 84.37; Ireland - 0.839; Italy - 1,668; Japan - 220; Jordan - 0.371; Kuwait - 0.294; Luxembourg - 51.12; Malta - 0.413; Mongolia - 3.42; Myanmar - 7.76; Netherlands - 2.83; New Caledonia - 141; Norway 7.90; Romania 12.94; Russian Federation - 0.765; Rwanda - 93; Sao Tome and Principe - 41.20; Seychelles - 6.61; Spain - 152.04; Sweden 7.74; Switzerland - 2.10; Ukraine - 0.765; United Kingdom of Great Britain and Northern Ireland - 0.724; CFA franc countries (Benin, Burkina Faso, Cameroon, Central African Republic, Chad, Comoros, Congo, Côte D'Ivoire, Equatorial Guinea, Gabon, Mali, Niger, Senegal and Togo) - 394.

NOTE A

UNJSPF EMERGENCY FUND

1. General Introduction

The Emergency Fund is financed from the assets of the UNJSPF and voluntary contributions, and is utilized to provide financial assistance to beneficiaries who are currently receiving a periodic benefit from the Fund and for funeral expenses as set out below. It is intended to provide relief in individual cases of proven hardship owing to illness, infirmity or similar cases, including funeral arrangements of retirees or immediate dependent relatives. It is not intended to supplement pensions that may be considered insufficient, whether due to general or local economic situations or limited contributory service. Also, the Emergency Fund cannot be utilized as a source for loans, scholarships or further education for the retiree or his/her beneficiaries, home building/purchase or improvements (unless justified for medical reasons), or for dowry or wedding expenses. Applications are examined without a rigid set of rules, and attention is paid to a number of factors such as number of years of contributory service, amount of the UNJSPF benefit, the country in which the beneficiary resides, availability of national health insurance coverage. This Note provides information on the general principles for the operation and application of the Emergency Fund and is not exhaustive.

2. Procedures for Dealing with Cases

- (a) Requests for Emergency Fund assistance should be submitted directly to the Fund. Where deemed necessary, the Fund may consult with the secretaries of local staff pension committees for additional information on matters such as the nature of the emergency, the after-service medical insurance coverage, the proportion of the expenditures covered by that insurance or that would have been covered if coverage had been provided, the circumstances surrounding the hardship experienced by the beneficiary and any other relevant facts which might be ascertained. In many cases a beneficiary chooses not to participate in ASHI (After Service Health Insurance) because of coverage by other insurance schemes; in such case, information is sought on the reimbursement provided elsewhere.
- (b) All requests should be accompanied by substantiating documentation; in cases involving medical expenses, that documentation must include a medical statement regarding the nature of the illness, the type and cause of treatment provided by the physician and/or hospital, and proof of the charges and payment made. UN family cases may be referred to the UN Insurance Section for clarification, if required; similarly, for other member organizations, the Fund may seek information from the secretariat of the local staff pension committee concerning the portion of expenses not covered by the organization's health insurance scheme.
- (c) Documentation not already evaluated through a medical insurance procedure may be forwarded to the Medical Consultant to the Pension Board for advice.
- (d) Other entities, such as retiree associations or social service agencies sometimes present requests on behalf of beneficiaries. For example, a number of cases have been submitted by FAFICS affiliated associations on behalf of some of their members.

Wherever possible, such organizations assist in obtaining the required substantiating documentation.

- (e) Cases involving expenses other than medical are similarly evaluated in the light of all the evidence provided.

3. Types of Expenditure Covered by Emergency Fund Assistance

The types of expenditures considered for possible assistance from the Emergency Fund can be grouped roughly into the following categories:

A. Medical Expenditures

To the extent that they are not covered by any insurance:

- (i) Direct Medical costs: physicians' fees, medication, hospital costs, surgery, and diagnostic and laboratory fees;
- (ii) Other Medical costs, such as: wheelchairs, prosthetic devices or equipment;
- (iii) Service costs, such as: nursing and/or domestic assistance, provided, however, that payment from the Emergency Fund shall be made as a once-off payment;
- (iv) Certain Transportation costs: emergency ambulance costs to and from the hospital where treatment took place. If a specific medical service is not available in the city where the applicant resides, assistance may be provided towards the cost of transportation between the city of residence and the nearest location where appropriate treatment can be provided;
- (v) Dental treatment: that is essential for health reasons and not merely for cosmetic purposes;
- (vi) Medical costs for eye treatment: including the cost of eyeglasses, but not of expensive frames obtained for cosmetic purposes.

B. Funeral Expenses

Assistance may be provided in hardship cases towards expenses for the funeral of a retiree/beneficiary, as well as for the funeral of a retiree's/beneficiary's immediate dependent relative. The present ceiling for reimbursement (as of April 2020), which reflects the movement of the United States Cost-of-Living Index from 1974 (when this assistance was added to costs that could be reimbursed) is USD 1,375 and is subject to future adjustments. Funeral expenses that were paid by a third party on behalf of a retiree/beneficiary or immediate dependent relative may be considered for reimbursement, provided that all proof documentation is acceptable.

C. Other Expenditures

Other emergencies that do not fall into the above categories but which may create hardship can also be considered. The following are examples of such cases:

- (i) Removal costs due to an emergency that may have been caused by the destruction of living quarters by fire, flood or other natural disaster, for example, or a change of residence on medical grounds, provided that detailed documentation with regard to the expenses involved is submitted;
- (ii) Temporary shelter needed because of the destruction of and/or major damage to primary living quarters, and replacement of a minimum of household effects in the case of fire, flood or other natural disaster;
- (iii) Repair or changing of heating furnace in order to avoid a hazardous health situation;
- (iv) While there is no provision for rental subsidies as such, assistance may be provided in certain cases when beneficiaries must spend time residing in an assisted living facility or nursing home, provided, however, that payment from the Emergency Fund shall be made as a once-off payment. Coverage of this service should be fully documented, and the facility should provide a breakdown of expenses. In this connection, expenditures that are not “medically-related” and are not covered by health insurance, such as telephone calls, TV rental, etc. are not considered for reimbursement.

4. Further General Information

Requests falling under any of the general headings in section 3 above may be considered; however, assistance is not automatically granted either in full or in part and all relevant factors are to be taken into account in reaching a decision in a particular case. Beneficiaries may also be given the address of the local AFICS, since the retiree organizations are sometimes able to assist when the UNJSPF cannot.

Generally, the Emergency Fund is not to be used to pay premiums to health insurance schemes, as member organizations should fulfill all their obligations towards their former staff members in providing necessary coverage. However, requests for assistance in medical emergencies from those who have no medical insurance, or from those who have such insurance but who, for various reasons, are suffering hardship in trying to cover the proportion not reimbursed by insurance, can be reviewed.
